## GRISCOM BLAMED IN N. Y. POLITICS

### Woodruff Declares Him Responsible For Defeat of Colonel Roosevelt.

### DEFENSE FOR THE "OLD GUARD"

**Also Asserts That President Taft Was Not Responsible for Action of Committee—Plea for Party Harmony in State.**

New York, Aug. 25.—The conference at Sherry's on the night before the Republican State Committee meeting in which Theodore Roosevelt was voted down and Vice President Sherman chosen temporary chairman of the coming Republican convention, assumed still another complexion tonight.

Timothy L. Woodruff, State chairman, in a statement given out from Republican State headquarters, put the responsibility for the action of the committee squarely up to Lloyd C. Griscom, president of the Republican County Commitotee, and flatly denied that he had even an invitation of any plan to present the name of Col. Roosevelt to the committee until Mr. Griscom made the actual nomination.

Mr. Woodruff arrived here today from Kampkillkare, his Summer place in the Adirondacks. He has received a copy of President Taft's recent letter to Mr. Griscom. "The President sent me a copy," explained Mr. Woodruff.

"Did the President add any personal comment to you?" was asked.

"Now, boys," parried the State chairman, "you're going too far."

Mr. Woodruff's statement tonight is in part as follows:

"Nothing that has transpired since the meeting of the Republican State Committee, nor anything that has been said since then, should mislead any one as to the condition of the situation which then existed. In accordance with the precedent established two years ago in the selection of Senator Root, as temporary chairman of the State convention, I and some of those who have been associated with me in the management of the Republican party through the two last political campaigns, met the night before the meeting of the State committee and after the consideration of several names, decided to present to the committee the name of Vice President Sherman, as temporary chairman, a selection which we had every reason to believe would be highly satisfactory to the Republicans of the State.

"Much to my surprise and entirely without warning, Mr. Griscom, who sat in the committee as a proxy and who had been in the State committee rooms for nearly an hour before the meeting without saying a word to me about it, moved to submit the name of Mr. Roosevelt for that of Mr. Sherman, with full knowledge which every one had had all the morning that a majority of the committee were committed to Vice President Sherman's selection. What Mr. Griscom's motive was in placing Mr. Roosevelt in the position of being defeated I could not then comprehend nor is it important to discuss it now.

"President Taft was in no way involved in this matter as the members of the State committee acted entirely within their authority in selecting a temporary chairman, without, as far as I know, a single one of them consulting with him about it; but, in view of the apparent affront to Mr. Roosevelt caused by the action of Mr. Griscom, I felt called upon, as chairman of the committee, to send the following letter to the ex-President.

'August 17, 1910.

'Col. Theodore Roosevelt, Oyster Bay, L. I.,

"'My Dear Colonel Roosevelt:—It cannot be possible that it is necessary for me to tell you that the action of the State committee yesterday in which I participated was in no sense intended as an act of hostility toward you or one of reflection upon you.

"'I saw Ward and Barnes after their talk with you and they told me what you and they had said about this whole matter and I hope you know, despite some things to the contrary, which the newspapers contained this morning, that they told you the exact facts. Not one of us supposed that your name would be presented without your notifying Ward, the National Committeeman, or me, the chairman of the State Committee, that you wished it done and I never was so much surprised in my life as when Griscom made the motion which he did. Not a word had been said to me before the meeting by anybody that indicated this course was to be taken, and I understand that neither Griscom nor any one else told Ward, or Barnes, or any of the other men of the committee that this was their purpose.

"'Believing that you must appreciate the position in which, under these circumstances, we suddenly found ourselves, after having agreed upon the selection of Sherman, in conformity with the precedent established by the selection of Senator Root two years ago as temporary chairman, I beg to remain with best wishes,

"'Yours respectfully,

(Signed) TIMOTHY L. WOODRUFF.'

Chairman Woodruff's statement urged co-operation of all Republicans for party success and he referred to the direct primary plan as the only party principle of division in the State, of which he said:

"The spirit that is behind this agitation for direct primary nominations is far more dangerous than anything else that the proposition itself embodies.

"I am glad to know that Mr. Roosevelt intends to go to the Saratoga convention," he continued, "and present his ideas on this and other subjects. The importance of this convention will thereby be greatly enhanced and the superiority of the convention system to the direct nomination method demonstrated."

## ROOSEVELT GOES OVER TWO STATES

### Greeted Enthusiastic Crowds And Attacked Trust and Mob Rule.

### MOVING TOWARD THE WEST

**Address Public in More Formal Fashion Than He Has Since His Return.—Spent the Day in Indiana and Ohio.**

Chicago, August 25.—Theodore Roosevelt traveled across Ohio and Indiana today, greeted everywhere by enthusiastic crowds, to whom he talked of honesty, respect and corporations.

Col. Roosevelt avoided any formal reception during a stay of a little more than an hour in Chicago tonight. Instead he spent half an hour as the guest of newspaper reporters at the Chicago Newspaper Club. The rest of the time, while his car was switched to the Chicago and Northwestern Railroad, he rode in an automobile about the city.

At the newspaper club, Col. Roosevelt commented on the failure of either animals or climate to prevent his safe return from Africa, recalling a prediction offered by Prof. Frederick Starr, of the University of Chicago, that the hunting trip would be the death of the former President.

"I am especially glad to show this professor how wrong he was," said Col. Roosevelt.

"I was not the one that was killed. Not a lion did its duty and then on toward the end of the trip I think Wall street pinned its hope on some rhinoceros, but even that hope failed."

He expressed his belief on questions which concern the public in more formal fashion than he has since his return from Africa.

During the day Colonel Roosevelt made a number of speeches although he said before he left Oyster Bay that he did not intend to talk from the rear platform. The crowds which greeted him today were larger than those which turned out to see him during his trip across New York State and they were so insistent in their demands to see him and hear him speak that he responded in every instance.

The colonel did some plain talking to the crowds which gathered into the railroad yards at the largest places, swarmed across the tracks and tied up traffic on the road. He talked against dishonest corporations and the crowds roared with applause. He condemned dishonest men, and there were more cheers. He attacked mob rule, and was cheered again.

"I will make the corporations come to time," he said in his Cleveland speech, "and I will make the mob come to time.

"I shall insist on honesty if it breaks up the best business of the land, and shall insist upon order under all circumstances."

At Toledo he spoke again on mob rule having in mind the street car strike in Columbus, Ohio, where there has been rioting.

From the time Colonel Roosevelt reached Buffalo at 6.20 o'clock this morning until after he had made his last speech for the day, he was kept constantly on the move. When he was not making speeches or shaking

## *Will Initiate Col. Roosevelt Order Knights of Ak-sar-ben*

Omaha, Neb., August 25th.—When Colonel Roosevelt visits Omaha on Sept. 2nd he will be entertained in a manner not mentioned in his itinerary. Several hundred of the loyal citizens of Nebraska have turned the name of their State backward for the purpose of finding a title for a sort of secret society which is known as the "Ak-Sar-Ben." To this society most of the representative men of the Antelope State belong, and each Monday evening they gather in a special auditorium to discuss the civic needs and conditions of the populace. When President Taft was in Omaha the last time he was made a life member of the "Ak-Sar-Ben," and now it is proposed to make the only living ex-President a full fledged member of the society by initiating him according to the ritual of the order. The "Knights of Ak-Sar-Ben" have prepared special oaths for Colonel Roosevelt and arranged scenic and mechanical contrivances for his benefit that are said would frighten the most intrepid hunter, even though not in the wilds of Africa.

## PATTERSON STAYS IN RACE

**Tennessee Governor Defies His Enemies and Declares Rumor He Will Withdraw Untrue—An Emphatic Statement.**

Nashville, Tenn., Aug. 25.—Governor Malcolm R. Patterson is still in the race for the Governorship of Tennessee. In this respect the chief executive made his intentions known in an emphatic statement given out here today in which he says there is not "a particle of truth in the rumor I will withdraw from the contest." He adds that he "will go to victory or defeat."

His signed statement was addressed to "the Democracy of Tennessee" which follows:

"Owing to the insiduous and persistent attempt of certain newspapers who are incapable of dealing with public men and questions with fairness or decency, it becomes necessary to state that there is not a particle of truth in the rumor that I will withdraw from the contest for governor.

"In offering to yield by nomination and to give the Democratic party an opportunity if it desired to nominate another candidate, I have done all that any self-respecting man should do and all that any self-respecting opponent could ask.

"I am representing not my personal ambition, but the party that has honored me and with it, I will go to victory or defeat.

"MALCOLM R. PATTERSON."

### TOOK HONOR FROM TEDDY.

**King of Italy Proposed the European Peace League.**

London, Aug. 25.—The Daily News today publishes a communication stating that the origin of Col. Theodore Roosevelt's famous suggestion for a European Peace League, made at Christiana during his recent tour of Europe was a memorandum prepared on the subject by the King of Italy which the King asked Col. Roosevelt to convey to Emperor William, of Germany.

It was before the Nobel Prize Committee at Christiana in his address on "International Peace" that Col. Roosevelt made his plea for a league of peace. It would be a master stroke he stated "if those great powers honestly bent on peace would form a league of peace, not only to keep the peace among themselves but to prevent by force if necessary, it being broken by others."

### SCHOONER MAY BE SAVED.

**Abandoned Vessel Off Hatteras Was Sighted Yesterday.**

Norfolk, Va., Aug. 25.—The New London schooner Catherine M. Monahan, abandoned by her crew off Hatteras yesterday in what was supposed to have been a sinking condition may still be afloat. The mate and two other men went out this morning in search of the abandoned vessel. Late today an object was observed in the far distance apparently with a sail up and it is thought that the men may have found the Monohan and are now trying to bring her in.

## UNEARTHED PLOT OF CASTRO

**Venezuelan Government Tells of Conspiracy Against President Gomez —Castro's Relatives Involved in the Scheme.**

Caracas, Aug. 25.—The government today published a full statement concerning the recent conspiracy against President Vicente Gomez in which it is stated that Cipriano Castro, the former president of Venezuela, who is now in exile in Europe was the instigator of the plot. On July 26th, the statement says, General Uribe informed the governor of Caracas that he had been approached by Carlos Gafararo, a Colombian, who asked him to join a plot for the capture of President Gomez. The plan was for the seizure to take place at Senor Gomez's farm in the suburbs of the capital and the conspirators, armed with poignards in order to overcome any resistance, were to compel Senor Gomez to telephone orders to the governor and to Inspector General Galavis to surrender the garrison at Caracas.

According to the statement meetings were held at Cipriano Castro's villa Zoila.

General Benjamin Ruiz, a Colombian, was the leader in the plot and from a dozen to twenty other persons are said to have been connected with it. Senora Nieves Castro de Parra, a sister of Cipriano Castro, the statement declares, guranteed $50,000 to the conspirators.

The government, it is said, intercepted a letter from Celestino Castro, a brother of Cipriano, to his sister, which indicated his complicity in the plot and also a circular by Romero Garcia, a follower of Cipriano Castro, saying that President Gomez had better carry his will in his pocket as Castro would make him pay for his treachery with his blood.

The statement concluded by saying that the Castro families have been expelled from Venezuela, that General Ruiz escaped and that several others of the alleged plotters are under arrest.

### RAPID 100-YARD RUN.

**New York Physical Director Makes It In Nine Seconds.**

New London, Conn., Aug. 25.—R. P. Williams, formerly physical director of schools, here, now at Barkley School, New York City, in an exhibition yesterday at Nyantic, ran 100 yards in nine seconds flat, according to timers.

For standing back jump with weights he made 13 feet, 2 inches, bettering the mark set by J. Darby, of England, by three inches. The eight pound shot was put a distance of 62 feet, 4 inches, and the running broad jump mark was set at 25 feet, breaking both his own record and bettering the world's professional record by several inches.

Jackson, Ky., Aug. 25.—Charged with murder, John Davidson and Hacker Combs, were today arrested, and Jason Deaton declared a fugitive from justice following the verdict of the coroner's jury which investigated the assassination of John Abner, noted feudist, last Monday night.

## UNKNOWN VICTIMS BURNED IN WRECK

### Uncertainty As to Number of Dead in Grand Trunk Collision.

### SIX BODIES ARE RECOVERED

**Still More to be Accounted for According to Railroad's Statement —Causes for the Wreck Are Assigned.**

Durand, Mich., Aug. 25.—Superintendent Ehrke, of the Grand Trunk Railroad, tonight gave out a statement that six passengers were killed, five injured and eight escaped without injury last night in the Grand Trunk rear-end collision, three miles east of here, when the Pullman car Nebraska on the eastbound train No. 14 was demolished and set on fire by the locomotive of passenger train No. 4.

The dead: Mrs. Alma Woodward, Bellefield, N. D.; Mrs. E. Gilpin, 425 East 46th place, Chicago; James McBean, letter carrier, of Chicago; Miss Swinger, a trained nurse traveling with Mrs. Woodward; unidentified woman; unidentified child.

Portions of charred bodies believed to represent from six to 12 persons.

One report was that 20 passengers boarded the Nebraska yesterday at Chicago and that eight more were taken on as the train proceeded eastward, but the car porter declared that there were only 18 people asleep in the car when the wreck occurred. If the number on board was 18, the six injured passengers taken today to Flint and Durand hospitals and the six bodies recovered would account for only 12, leaving six persons to be accounted for in the fragments of human bodies brought to the morgue today or to be counted as having been entirely destroyed by fire.

The forward section which was known as No. 4, had stopped because of an accident to the air brakes and Engineer Mitchell's head was terribly crushed when his engine was jolted forward by the shock of the collision and little hope is entertained for his recovery.

The locomotive of the second section, known as No. 4, plowed half way through the rear sleeper of the forward train and the locomotive fire box set fire to the Pullman car. The passengers in the rear berths had not the slightest chance to escape and those not killed by the crashing timbers as the locomotive forged through the sleeper were burned to death in the fire that followed. Half a dozen passengers, however, seriously injured, were rescued from the forward berths and taken to hospitals in Durand and Flint.

The body of James McBean, has not been identified, but he is known to have been lost in the wreck and the woman and child, who have not been identified are believed to be mother and son, as the little one was found in the woman's arms. Only a blackened watch, a diamond studded crucifix and a locket bearing the initials "H. S. L." were found in the search for clues to the identity of the burned corpses.

Engineer Spencer, of the second section of the train, said today that he was almost on top of the forward section when he heard the torpedo signal that there was a train standing on the track ahead of him. An exploded torpedo was found today 50 rail lengths or 1,500 feet from the scene of the collision, and Assistant Superintendent Ehrke, of the Grand Trunk Railroad, said that the second section could have been stopped in 800 feet.

Brakeman G. R. Graham of the forward section today declared that he ran back nearly a mile with the torpedo and that he waved a red light to stop the on-coming train. Graham also disputed the contention of Engineer Spencer of the second train that the tail lights of the forward section were not burning. This afternoon Graham could not be located by the railroad officials.

### A DOG TRUST.

**Kennel Club Prosecuted Under the Sherman Anti-Trust Act.**

San Francisco, Aug. 25.—That the pedigree dog business is controlled by a trust is an allegation made in two actions filed in the United States Circuit Court here yesterday. The American Kennel Club is being sued for $1,500 damages under the Sherman anti-trust act and a complaint has been filed asking the Federal officers to prosecute the club on a charge of restraint of trade. The suits are brought in the name of W. E. Chute, a dog breeder who recently judged a show under the auspices of the National Dog Breeders Association and was thereupon disqualified from using the stud book of the American Kennel Club.

Among the officers of the club for whom warrants are asked are August Belmont, William G. Rockefeller, Jr., a nephew of the oil magnate; Howard Willetts, H. K. Bloodgood, J. W. Appleton, Edward Brooks and John Demund, all of New York.

## LEAGUE MOGULS IN SESSION

**Many Matters in Connection With End of Series Taken Up—Wilmington Wins One of Its Protests**

(Special Star Telegram.)

Rocky Mount, N. C., Aug. 25.—The Eastern Carolina League directors met in called session in Assembly Hall of Ricks Hotel, this afternoon. President Whitaker presided. Following directors attended: Wilmington, Roger Moore; Raleigh, Albert Cox; Wilson, Joe Eagles; Fayetteville, Captain C. H. Napier.

The meeting was called to order by President Whitaker who reported that a long distance 'phone message had been received from George Dewey, League director of the Goldsboro club, stating that it was impossible for him to attend owing to business engagements, and that he had tried to be present but found it impossible to do so until it was too late to get someone else to go in his place. He placed his proxy in the hands of Joe Eagles, of the Wilson club. Vice President F. A. Woodard, of Wilson, attended the meeting.

The Raleigh franchise matter was again taken up and it was explained that at the last meeting the franchise was taken over by the league and that the team was sent through to Goldsboro and that since that time there had been a tentative agreement that the team's franchise would be turned over to certain reputable citizens in Raleigh who had consented to assume the debt and continue that city in the league. Upon Mr. Eagle's motion the franchise was given back to the five gentlemen who had assumed charge of the club. The Raleigh gentlemen named were Messrs. Albert Cox, Murray Allen, Russell Sherrill, W. H. Bagley and H. H. Carr. The motion received a second and passed unanimously.

Rulings governing the post series and the close of the present series in the instance of a tie were taken up and rulings sufficient to handle any emergency that might arise were decided upon. It was agreed that in the instance of a tie two or three of the teams that a post series with Fayetteville might necessarily have to be limited to three instead of five games as before decided. Both teams that were to take part in a post series were instructed through their manager to forward on September 6th a list of their players for the post series to the other club and to file one with the president of the league. Question of players that are eligible for the post series was then gone into and it was decided that no player secured after the date of this meet-

## SIXTH DISTRICT PRIMARY DETAIL

### Advisary Committee Named and Will Meet Saturday Afternoon in Raleigh.

### THE CANDIDATES ANNOUNCE

**Messrs. Clark and Godwin Will Certainly be in Race—Expressions From the Others—Viewed in Cumberland.**

(Special Star Telegram.)

Raleigh, N. C., Aug. 25.—Announcement is made by Democratic State Chairman Eller that Jas. R. Young, State Commissioner of Insurance; H. A. Foushee, a prominent attorney of Durham, and J. Bryan Grimes, Secretary of State, are chosen as the committee to carry out the instructions of the State Democratic Executive Committee relative to holding the primaries and convention for nominating a Democratic candidate in the Sixth Congressional District, to clear up the Clark-Godwin muddle.

The committee met this evening with James R. Young as chairman and decided to hold a session Saturday, Aug. 27th, at 1 o'clock in the office of Chairman Young here, and to invite the recent candidates for nomination and their friends as well as all other Democrats in the District who desire to become candidates, to meet with them at that time and make suggestions as to the detail and rules which shall govern the primary.

Letters signed by Chairman Young and reading as follows, were mailed tonight to H. L. Godwin, Dunn; O. L. Clark, Clarkton; Herbert McClammy, Wilmington; H. L. Cook, Fayetteville; and A. J. McKinnon, Maxton, candidates for nomination in the former primaries:

"The committee appointed by Chairman Eller to carry out the instructions of the State Democratic Executive Committee relative to the Sixth Congressional District matter, will meet at my office Saturday, Aug. 27th, at 1 o'clock, and invites you and your friends to be present for conference. Your presence and suggestions will aid us."

Instructions by the State Democratic Executive Committee require the calling of primaries in counties of the District not later than September 15th, and Chairman Young's committee desires especially to have everything in connection with the primaries so arranged that the muddle in the Sixth will be settled to the complete satisfaction of the Democrats in the District and State and members of the committee declare they feel sure that with the aid of the candidates in the district, this can be readily accomplished.

**Mr. Clark Announces.**

Elizabethtown, N. C., Aug. 25.—Hon. O. L. Clark, of Bladen, today gave your correspondent the following announcement upon the action of the State Committee at Raleigh last night.

Having heretofore signified my willingness to abide by the recommendation of the State Executive Committee, and feeling that this wise committee could not have made a mistake in referring the matter again to the people for settlement, I hereby announce myself a candidate for Congress subject to the action of the Democratic primary to be held on or before the 15th day of September, 1910, in the Sixth Congressional District. I desire to sincerely thank my friends for the loyal support given me heretofore and to say that in the present contest I will appreciate the support of all good Democrats. Should the standard of the party be placed in my hands, I would consider that my ablest and most honest efforts to discharge my full duty to all the people could but poorly requite so great a trust.

Yours sincerely,

OSCAR L. CLARK.

**As Seen in Cumberland.**

Fayetteville, N. C., Aug. 25.—The action of the State Democratic Executive Committee last night at Raleigh in the Sixth Congressional District muddle has been the topic of conversation here today. The opinions expressed as to the wisdom of the committee's action are varied, some contending that after the decision was reached that no nomination had been made, the convention should have been re-convened. Others favor the committee's recommendation of primaries. But the general opinion is that much bitterness will be engendered in the primary canvassing and voting.

Hon. O. L. Clark, Bladen's candidate who was nominated by the regulars, was in the city today, meeting his friends, and the people generally, and made a very favorable impression. He is in the fight to the finish.

Hon. H. L. Cook, was asked this afternoon if he would become a candidate and said that he did not desire to make a positive reply at present, but would do so in a day or two. He has practically made up his mind that he will not be a candidate, but feels that he should not act too hastily in deference to the wishes of his friends.

**As Seen in Wilmington.**

Except for the positive announcement by Herbert McClammy, Esq., of New Hanover, that he will not enter the race in second primaries or precinct meetings and the announcement that Mr. Godwin will certainly make

# THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

# FOURTEEN INNINGS TO A STANDSTILL

**Results Yesterday.**

Wilson 1; Fayetteville 9.
Goldsboro 9; Raleigh 0.
Rocky Mount 1; Wilmington 1.

**Where They Play Today.**

Rocky Mount at Wilmington.
Wilson at Fayetteville.
Raleigh at Goldsboro.

After Rocky Mount had put a man across in the fourth inning, which in these days of strenuous ball playing generally means a victory, the Sailors rallied in the ninth, and on a single by Cooper, a put-out and an error of first, tieing up the game in which said condition it remained until the lengthening shadows, and gnawing appetites forced an an end in the fourteenth inning, with neither team a victor yesterday.

Although the score would not indicate it, the game was quite interesting from start to finish, especially after the ninth, and at no time was any walking over stunts pulled off by either side. After pitching eight innings, and allowing six hits, and bases on balls, Hanks was taken out and Brooks went in and held them to one solitary bingle for the remaining five innings. Boyle for the Railroaders was taken out when he weakened in the eleventh, and Griffin, who took his place, allowed but one hit. Kite at the receiving end played a very good game, but was caught napping on one or two occasions though it was inexpensive.

All the four twirlers seemed pretty evenly matched, and none of them fell down on the job at all. This is the way it went:

In the first inning after Peartree had struck at three, Forgue was given a pass, but Gillespie flew to Kluttz and Gastmeyer to Tydeman. In the last half, Kluttz was safe on an error of Leary, Cooper popped to third, and while Tydeman was up Kluttz was caught trying to annex second, Tidy going out to second. There was absolutely nothing doing in the second frame, and in the third Doak robbed the first man up of a pretty hit to right, after which Boyle singled to left, but Peartree hit to Dubbs and the side was retired by a pretty double, Dubbs to Orth to Mills. Mills was out, pitcher to first, after which Dubbs hit to right, and went to second when the fielder fumbled, but he stalled on second for Hanks popped to third and Kluttz flew to left.

Forgue started the run-getting in the fourth when he opened up with a single to left, and was advanced to second on Gillespie's single. Gastmeyer was out on first advancing Forgue to third, and he scored when Cooper threw wild to second in an effort to catch him between the bases, Gillespie going to third. Creagan was out on first, and Gillespie was chased down between third and the plate. In the last half after Cooper had died on first, Tydeman was hit by pitcher and took first, stealing second while Orth was in process of flying out to Peartree, Doak retiring the side when he skied to left.

The visitors were out in order in the fifth, after which the curtain went up with Kite mauling out a two-bagger, but he had to hold this cushion while the three following batters fanned, skied, fouled, etc.

In the sixth Peartree beat out a beautiful bunt and stole second when no one covered Kite's throw. Forgue was out on first and Gillespie met the same fate, advancing Peartree to third. Gastmeyer was walked to first and continued undisturbed to the next station, while Kite "wasn't looking," but Creagan was out short to first.

The Sailors were out in quick order in the last half and after Stein had fanned in the Seventh, Leary singled to center. Dussault hit to the infield and went on by first on wild throw of Cooper, but Mills recovered the ball and caught him at second, Leary in the meantime taking third. Boyle flew to Cooper. Wilmington was out in order.

In the eighth Peartree was given transportation, and stole second. Forgue fanned, and Gillespie singled to left advancing Peartree to third, and annexed second hicself. Gastmeyer and Creagan were victims of the Big Fellow and the side was retired. In the last half Brooks was sent in to bat for Mills and died on first, after which Dubbs was safe on one of his famous bunts. Howard batting for Hanks was safe on an infied hit but Dubbs was out at second, after which Kluttz hit to short, forcing Rube.

At the beginning of the ninth, the Wilmington line up looked somewhat different, Brooks being in the pitcher's box, Doak on first and Howard in right field.

Two of the Railroaders couldn't find Brooks' mysteries at all, and the other one died on first, after which Cooper started off with a single to center. Tydeman flew to left, and Orth was out on first, Cooper going to second on the put-out, after which Doak hit to short, and went to second when Leary dropped the ball, Cooper tallying while hats, handkerchiefs, parasols and score cards filled the air, around and on the grandstand. Kite flew to left retiring the side. In the tenth after the visitors were retired as only Dr. Brooks knows how, two men were down in the last half when Howard singled to second, Kluttz being out catcher to first. The same treatment befell the Crew in the eleventh, and Cooper started off with a single to center, and went to second when first baseman fumbled a throw from Boyle. Tydeman fanned, and Cooper was caught off second when Orth flew to center.

In the last half of each side of the twelfth, Dussault and Brooks each got a hit, but did not accomplish anything. The thirteenth and fourteenth were not productive of anything interesting each side being retired in one, two, three order, and at the conclusion of the fourteenth the game was called on account of darkness.

## PENNANT DREAMS.

(Continued.)

Tied up!

They're still on top.

But not quite so many.

That's a darn sight better than losing.

But we'll puncture their pennant auto yet.

And Tydeman only stole one base yesterday.

It's never too late to mend, so get at 'em a little harder today.

Cooper poled out two pretty ones one of which tied up the game.

Doak made a pretty catch of Dussault's near-hit in the third session.

Dubbsy Darling turned his feet towards heaven for a full minute when Cooper ambled in.

Eight of the nineteen men who faced Brooks in the closing chapters died via the strike out route.

Hanks didn't go so bad. Boyle only had one the better of him in hits, and he struck out six to Boyle's five.

The grandstand seconded the motion when Smiling Al. yelled "wake up" to some one (?) in the eighth division.

There was a near score for the visitors in the sixth, when no one covered second, when Kite threw to catch Peartree.

Take our advice and go into vaudeville, Gillespie old man. Those stunts you pulled off on the bleacher fence in the eleventh, would earn you a clean hundred per on any stage.

Twas a scene that has never been equalled on the grandstand when Cooper beat it home in the ninth, and the tenth inning was on good before the fans realized that they were still "playing ball."

That game which Wilmington refused to play by moonlight at Fayetteville having been thrown out at the League meeting at Raleigh last night, the Sailors took a little skyward trip last night.

The prettiest play of the game, and of several games for that matter was pulled off by Stein, when he pulled down Brooks' hot one off left field fence that would have gone for three bags if it had hit the fence.

Instead of playing a doubleheader on Friday as has been the custom, there will be only one game tomorrow, a doubleheader being scheduled to be pulled off Saturday, the first game beginning at 3 o'clock.

In the past Wilmington has made some very strong accusations against certain other clubs in the league for winning a pennant, and whether they were true or not let's not give them a chance to get back at us in the same way.

Tidy Ty. was credited with only one stolen base at Rocky Mount Wednesday although he had two, the report scoring him from first base on a single which seemed at the time an unusual piece of base running, and if it had been anyone but Ty. we would have known it was an error.

Hear Ye! All ye fans of high and low degree, hie yourselves to League Park this afternoon. There's going to be one of the classiest games pulled off in the history of the American game, and although there is a certain element of doubt about the winner, the twitch in the southeast corner of our game leg, predicts that it will be we.

The fans had a nervous collapse when Mills failed to sacrifice in the fifth after Bertram had started things interestingly with a beautiful drive beyond the Durham's nose. Kite was the first man up and a sacrifice by Mills would have in all probability resulted in a score, but the Captain thought he could "hit it out" with the result that he popped prettily into Boyle's glove.

The game which Wilmington protested here on account of the Highlanders' violating a technical rule, which they had no power to avoid, was justly retained to Fayetteville's credit. Should every team take advantage of such rules which are only put in the rule book for use on extraordinary occasions, about half of the games played would be protested, and after outplaying the Sailors at every stage of the game on that day, they certainly deserved the victory.

# RED BIRDS FORFEIT TO GIANTS

**Raleigh Left Field When Decision Gave Giants Tied Score in Ninth —How the Runs Were Made.**

(Special Star Telegram.)

Goldsboro, N. C., Aug. 25.—Raleigh left the field in Goldsboro's ninth inning today thereby forfeiting the game which had been an exciting contest throughout. The visitors scored in the fourth on two hits and a sacrifice.

Later another run was added on two singles and a wild throw. Although the Giants hit the ball hard and filled the bases Lathrop was effective in pinches. Raleigh fielded well especially Clemens, Simmons and Keating. Evans starred in left field. Brown and Mullaney had the batting honors. Harrell was relieved by Merchant, who allowed one hit in four innings. In the ninth Newcomb gave a decision whereby Goldsboro tied the score. Here the Raleigh players swarmed around him yelling in a frantic manner. The Goldsboro manager advised them to continue to play and protest the game if they wished but the visitors kept up their wild tactics. Refusing to play even under protest, they left the field, the umpire forfeiting the game to Goldsboro 9 to 0. Mr. Newcomb acted in a very admirable manner throughout the excitement.

# M'KEITHAN BATTED HEAVILY

**Hit for Total of Fifteen Bases While Mayer Held Opponents to Four. Score Nine to One. The Game.**

(Special Star Telegram.)

Fayetteville, N. C., Aug. 25.—The Highlanders hit McKeithan all over the lot for a total of 15 bases while Mayer held Wilson to four scattered hits, and Fayetteville won 9 to 1. The Highlanders' base running was excellent. They made nine hits count for nine runs, piling up six runs in the fourth on two singles, two doubles, two hit batsmen, two errors, three stolen bases, and a sacrifice. O'Halloran kept up his terrific batting, hitting for six bases in five time at bat, he also fielded brilliantly as did Landgraff.

# DEMOCRATIC HEADQUARTERS

**Opened in State Club Building—Eller Names Sixth District Committee —Union Passenger Station Troubles—Other Notes.**

(Special Star Correspondence.)

Raleigh, N. C., Aug. 25.—The arrangements have been about completed for the State Democratic headquarters to be opened up in the State Club building on the west side of Capital Square. The suites of rooms available are admirable for the purpose as is the location. The club members can still enjoy their club privileges by assigning one room for a private conference room for Chairman Eller. The headquarters will be opened up at once with Chairman Eller and Secretary Brock on duty for the prosecution of the campaign.

A requisition has just been issued from the office of Gov. Kitchin here on the governor of South Carolina for J. W. Reavis, wanted in Iredell county for incest. He is now in jail at Spartanburg, S. C., awaiting extradition.

There has just come from Cliffside, Rutherford county, an application to be permitted to organize a company of militia for the North Carolina National Guard. There are probably 15 applications in ahead of Cliffside with little prospect of there being a vacancy for either of them any time soon.

By agreement of counsel on both sides the argument of the exceptions of the Southern and Seaboard Air Line Railroad companies to the order of the Corporation Commission that a glass enclosure be provided for the union passenger station here in connection with the $20,000 improvements being made on the building and yards has been postponed from today to Saturday. The railroad companies say they have 800 signers to a petition against this glass enclosure and that these include the mayor of the town, four ex-mayors, sixty-odd merchants and a great number of other business men including banks, physicians and others. The contest over this matter has assumed a degree of heat and strife far in excess of any possible importance that could be attached to it.

It is a notable fact that there were developed at the two regimental encampments of North Carolina National Guard at Morehead this Summer 263 marksmen, two sharpshooters, four expert riflemen as compared with 163 marksmen, no sharpshooters and two expert riflemen for the encampments of the three regiments in 1909. The improvement in the record of the men in the rifle pits is regarded as nothing short of phenomenal and is due largely to the training they are getting through the gallery targets that have been installed with many companies.

Chairman Eller has appointed the following advisory committee, under the action of the committee authorizing the appointment of an advisory committee to the State Executive Committee in the Sixth District Congressional matter:

First District—T. J. Jarvis.
Second District—Claude Kitchin.
Third District—F. M. Simmons.
Fourth District—Josephus Daniels.
Fifth District—J. S. Carr.
Sixth District—John D. Bellamy.
Seventh District—W. I. Everett.
Eighth District—T. F. Kluttz.
Ninth District—C. W. Tillett.
Tenth District—Locke Craig.

## THE NEWS AT WHITEVILLE.

**Train Smash—School to Open—Murderer Captured—Other Notes.**

(Special Star Correspondence.)

Whiteville, N. C., Aug. 25.—An unfortunate accident occurred here yesterday morning when the A. C. L. ran into a wagon and cut off the hoof of a mule belonging to Mr. A. C. Oliver and demolishing the wagon. Frank Mills a 12-year-old youth, was the driver of the team and barely escaped with his life. He was going to the Whiteville Lumber Co., after a load of wood and attempted to cross the track in front of the 5 o'clock passenger train.

The Whiteville graded school will start Monday and the indications are that this session will be one of the most successful in the history of the school. Miss Julia Culbreth will teach voice in Whiteville this session which makes this place a very strong educational center that furnishes every advantage obtainable.

The friends of that venerable old gentleman Dr. I. Jackson, will be sorry to learn that he suffered a stroke of paralysis on Wednesday afternoon and is in a critical state.

Gov. Kitchin has honored Whiteville by appointing Hon. J. R. Williamson as a delegate to the National Conservation Congress to be held at St. Paul, Minn., Sept. 5th to 9th.

John Davis, colored, was arrested at Bolton yesterday by Deputy Sheriff John Ammons and this morning carried to Florence, S. C. by Deputy Sheriff E. C. Harrell of that place. It will be recalled Davis killed a negro woman at Florence about ten days ago and escaped after the killing. The officers have been on the outlook for him and captured him through the efforts of a negro who knew him in South Carolina.

The election for county offices and the Legislature will take place in this county Saturday and a great deal of interest has been manifested in the outcome. All the candidates have been working very hard especially this week and a hard fight has been waged for each position.

Criminal Court will convene here on Monday, Sept. 5th, and will be presided over by Judge O. H. Allen. There are 20 prisoners in jail awaiting trial and a number of prisoners also that have been let out on bail.

Mr. T. L. Gantt left today for a short visit to Makatoka and Bolton.—Mrs. Donald McRackan who has been ill for a number of months, is rapidly recovering.

To keep your health sound; to avoid the ills of advancing years; to conserve your physical forces for a ripe and healthful old age, guard your kidneys by taking Foley's Kidney Remedy. Robt. R. Bellamy.

## WATERWAYS CONVENTION.

**Congressman Small Talks Interestingly of Great Meeting at Providence.**

(Special Star Correspondence.)

Washington, N. C., Aug. 25.—Your correspondent asked Representative John H. Small today if he had any information to communicate regarding the great convention of the Atlantic Deeper Waterways Association which will convene at Providence on next Wednesday, the 31st inst. He responded with a number of items which will be interesting to your readers.

The majority of the delegates from the Atlantic States South of, and including Virginia, will leave Norfolk on Monday afternoon, 29th inst., at 7 o'clock on one of the largest ships of the Merchants' & Miners' line. About 76 rooms have already been engaged for the delegates. If there are any prospective delegates who cannot be accommodated by this route, they can secure reservations on the steamer "Puritan," which will leave New York City on next Tuesday, 30th inst. Full information and reservations may be obtained by writing to Mr. George F. Sproule, The Bourse, Philadelphia. Five hundred can be accommodated on the Puritan, and delegates from New York, New Jersey and Pennsylvania will go on this steamer. Delegates from other sections will be accommodated up to the limit.

The officials of the association, together with the Governor of Rhode Island, have extended a special invitation to the Governors of all of the Atlantic coast States to attend the convention as the guests of the State and the city. Governor W. W. Kitchin has been specially invited, and Mr. Small expressed the hope that he would certainly attend.

Arrangements have been made with the Navy Department for the presence of the Fifth Division of the Atlantic fleet in Narragansett Bay during the sessions of the convention. Among the ships in this division will be the armored cruiser North Carolina.

Mr. Small has received a letter from Col. George H. Webb, of Providence, who is in general charge of the arrangements for the convention and the entertainment of the delegates. Of course the primary purpose of the convention is to enter into a serious discussion of plans and methods for promoting the construction of the Intra-Coastal Waterway from Boston to Florida, and many distinguished gentlemen will participate in the deliberations of the convention. Mr. Small expressed the hope that the delegates from North Carolina who attended would go with a serious purpose to help in this great movement, and would attend all the sessions of the convention. Incidentally, however, the State of Rhode Island and the city of Providence will provide most elaborate entertainments for the pleasure and recreation of delegates. The Executive Committee has planned to spend more than $20,000 for the entertainment of their guests. A typical New England clam bake, the largest ever held in the State, will be given at Vanity Fair on Narragansett Bay. There will be an inspection of this beautiful bay and the opportunity to visit Newport, Narragansett Pier, and other places of interest. The good people of Rhode Island are noted for their hospitality and every delegate will find ample opportunity for a pleasant recreation.

The city of Richmond will send a large delegation both from the municipality and the Chamber of Commerce, and they will go under peremptory instructions to capture the next meeting of the association for Richmond. It is probable there will be an interesting contest between Atlantic City and Richmond.

**Plan to Nominate Sorehead Democrats for Various Offices.**

(Raleigh News and Observer, Aug. 25.)

Republican bosses are deep in schemes these days trying to fix plans to make a showing in Wake county, and the report that comes is that there is a division in forces as to the plans to be made, that the plans of one set do not suit the other set.

J. C. Logan Harris, who while chairman of the Duncanite faction has been playing tiddledy-winks in the back yard of the Butler-Morehead faction, is said to have as his great scheme the nomination of a county ticket part Republican and part Independent or sore-toed Democrats, if any such can be induced to become party traitors.

This is the plan, so it seems, of others of Raleigh Republicans, but these have run into a bump from the country Republicans, who vociferate and shout that they will have none of such a plan that the ticket they vote must be a straight Republican ticket, that if they are defeated they want to be defeated with Republicans as candidates, that they want no "hand me down" Democrats on their ticket, who would only be running to get a job, that if they have to vote for a Democrat they will do their own selecting.

So here it is where the cunning of the Raleigh Republicans is being brought into action. It appears that their purpose is seemingly to give way to the country sentiment for a straight Republican ticket and to let it be nominated, with a side agreement with certain nominees that they are to get off the ticket when told to do so. Meantime, so the report goes, certain Democrats are being approached and asked to go on an Independent or a Citizens' ticket, with the understanding that as soon as the time is thought to be ripe vacancies will be made on the Republican ticket and the names of the sore-toed substituted. And the rumor goes that certain Democrats are indicating their willingness to consider the dicker in politics and trade party honesty for a hoped-for job.

## ATTACKS TAFT AND KNOX.

**Argentine Republic Paper Declares Them Ignorant of Conditions.**

Rio Janeiro, Aug. 15.—The Journal Do Commercio, the official organ of the foreign office today prints an apparently inspired editorial of criticism of the Pan-American attitude of President Taft and Secretary of State Knox, in which they are charged with ignorance of conditions.

## BASEBALL AT WALLACE.

**Divide Honors With Fairmont In Four Games This Week.**

(Special Star Correspondence.)

Wallace, N. C., Aug. 25.—Fairmont defeated Wallace in two games Monday and Tuesday the score of Monday's game being 4 to 0, and Tuesday's game, 2 to 0. The bright star in Monday's game was McColl the twirling artist for Fairmont who was credited with thirteen strike-outs, and allowed only three clean hits. Batteries; McColl and Smith; Brown and Phelps. Tuesday's game was also a shut out for the locals, and Tucker and Smith at the delivery and receiving stunts starred at every turn of the game.

On Wednesday, August 24th, Wallace evened up matters with their visitors by taking both ends of a doubleheader, the first by the score of 5 to 4, and the last end being a shut out, seven to nothing. Batteries; first game: Fletcher and Phelps, Second game: Brown and Phelps, for the locals and McColl and Smith, and Tucker and Smith for Fairmont.

## ILLNESS STAYS DR. MADRIZ.

**Former Nicaraguan Executive Has Abandoned His Plans.**

Washington, Aug. 25.—Illness has overtaken Dr. Madriz, the late President of the Nicaraguan government at Managua, and he has abandoned his plan to go to Costo Rica. Such information was communicated to the State Department today by American Minister McCreery, accredited to Honduras.

Madriz took refuge at Amapala, Honduras, immediately after transferring the authority exercised by him at Managua and the consular agent of the United States reported that Madriz was to have left Amapala yesterday on a steamer for Costa Rica. The haven of safety for Madriz now is understood to be Mexico. Mr. McCreery reported that the intention of the former President was to take a steamer to Mexico on Monday. Following out the original plans, the Madriz generals, who accompanied their chief when he fled from Managua, left Amapala on Wednesday for Costa Rica.

**HOT-WEATHER DIARRHEA**

In the summer people of all ages are very subject to "running of the bowels." Germs get into the food or water, find their way into the intestines and keep irritating them so that there is a constant desire to have movement. It is very weakening, destroys appetite, disturbs sleep and produces an itchy feeling that many suppose to be piles. There are many "quick cures" for this aggravated form of dysentery, but they usually contain a narcotic, and that is dangerous. Others try salts and laxative waters, but they have no permanent effects. It takes a remedy with ingredients such as are combined in Dr. Caldwell's Syrup Pepsin to drive out the trouble-causing germs, to clean out the intestines, to strengthen the stomach and enliven the liver. Ordinary remedies cannot do this, but it is a well known fact that Dr. Caldwell's Syrup Pepsin does do it. Thousands use it every summer for this very purpose. Go to your druggist today and buy a 50 cent or $1.00 bottle and see what it will do for you. It is guaranteed to do what we claim or money refunded. It has enabled thousands of families to cure themselves of simple ailments. If you have never tried it send your address for a FREE SAMPLE BOTTLE to

**A Marvel For Sore Feet. Acts Right Off.**

**Sore Feet? Never After Using TIZ—**

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.

You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet feel remarkably fresh and sore-proof.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

If you don't find all this true after trying a box of TIZ, you can get your money right back.

TIZ is for sale at all druggists at 25 cents per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Friday, August 26, 1910.

Anyhow, President Taft is showing signs that he does not want his friend Teddy to give him the shake.

The people have learned by bitter experience that a Republican platform is merely intended to "get in on."

President Taft simply could not stand for what Vice President Sherman did in that Republican machine plot to down Roosevelt. That same Sherman is coming to North Carolina in November to make speeches with a view to inducing North Carolinians to follow the trail of Marion Butler.

The Hon. Marion Butler could fill space by interviewing himself and giving the details to the newspapers concerning the horrible results of Butlerism in North Carolina from 1902 to 1908. Metropolitan newspapers sent correspondents to North Carolina and they filled columns concerning the turmoil and riots brought on by the Butlerism which wants to "come back." Nit.

Col. Roosevelt has served notice upon the "Old Guard" in New York that he is going to fight it and the Old Guard says it will accept the challenge. There was nothing else for the Old Guard to do but take up the gauntlet thrown down to it by the Rough Rider. If it hadn't accepted the challenge it would have all the resemblance of a man who would take a licking without fighting back.

Prices in the bright tobacco belt, embracing the lower portion of North Carolina and the upper portion of South Carolina, have been increased from three to five cents per pound for leaf tobacco at the warehouses. Naturally, this greatly encourages the tobacco growers who were recently so discouraged over low prices that they were contemplating abandoning the cultivation of tobacco. That of course, would have been a great blow to a big industry, but the Star is gratified that now the prices are more encouraging. The tobacco growers do the Star credit by saying that its presentation of their cause and its effort to save the industry, had a great deal to do with boosting the price.

The directors of the Ohio Valley Exposition have the thanks of the Star for an invitation to attend the opening of the exposition Monday, August 29th, at Cincinnati. North Carolina will be represented at that exposition by an exhibition which it is said will do credit to the State. It is good that the resources of North Carolina be well advertised in the Middle West, for sooner or later the port of Wilmington, inevitably, will be opened to that rich portion of the country by railroads now existing and to be built. When the Panama Canal is opened to traffic and the development which is to follow it begins, the Middle West will find the port of Wilmington its most available outlet for the large commerce which that country will supply.

Editor Bailey, of the Houston Post, was somewhat disappointed in Richmond and especially "did not fancy the solemnity of some of the people he met in the streets." Gloomy surroundings make men and women look like they have been buried and dug up. Why on earth don't everybody come to Wilmington and acquire smiling and radiant countenances by living in an unrivaled atmosphere of enjoyment and satisfaction? Come to Wilmington, watch the joyous and happy throngs on the streets, get in the push going and coming on the trolley cars and steamers to and from the seaside resorts, and then act like Wilmington folks. If anybody is acquiring a crop of wrinkles it is their own fault in neglecting to come to Wilmington.

## TAFT'S LOST OPPORTUNITY.

The Taft administration abetted, if it did not aid, the insurgents in Nicaragua, but note well that it neither aided nor abetted the Republican insurgents in the last Congress nor in this campaign. On the contrary President Taft strangely lined himself up with the standpatters in their fight against the progressive or insurgent element of his party. That is where he lost the opportunity to lead in a progressive movement for a reform that is bound to come. He has, however, permitted Colonel Roosevelt to stay on the fence long enough to see which way the cat is going to jump and has let the Colonel get ahead of him in jumping with the cat.

There is very little doubt now that not only are the sympathies of Ex-President Roosevelt with the progressives, but he is at last taking a position of leadership, even though it be at a late day—indeed, so late that it does him little credit. So able and influential a paper as the New York Journal of Commerce, ond Wednesday, contained a splendid editorial on "Progressive Leadership," saying that "President Taft is experiencing some of the difficulty of trying to harmonize forces that are repellant to each other." That paper goes into particulars concerning President Taft's explanation or apology to Ex-President Roosevelt, and says "to use a familiar figure in political conflicts, President Taft is doing something like trying to ride two horses that persist in running in opposite directions, or at least refuse to go peaceably side by side."

The facts is, President Taft has been against the progressives all along without intending to be offensive to them and has neglected his opportunity to make such concessions to them as would secure party harmony. In his later efforts to play with both sides he has made a dismal failure, with Col. Roosevelt seizing the opportunity to go with the faction of the party which is making a fight in the interest of the people and for party respectability and integrity. While Colonel Roosevelt rested on his oars and gradually drifted into the progressive movement in New York State, he refrained from openly espousing the cause of the National progressives, but the probability now is that before he finishes up his Western tour the Rough Rider will be the chief of the insurgents.

The Journal of Commerce criticizes President Taft for not seizing the opportunity during his administration to lead the progressive movement in his party and also expresses surprise that Colonel Roosevelt did not display his progressive sentiments sooner. Commenting upon the latest turn in affairs, which shows Col. Roosevelt disposed to lead the progressives in the entire country, the Journal of Commerce says:

"It might have been well if progressive leadership had begun sooner, outside of this State. Then it would have been easier to maintain it or establish it in the State. Progressive leadership needs to be national in order to be effective in a party. Progressive leadership implies a progressive movement to be led and directed, and it has looked for a year as if it was being resisted by those who were in a position to lead. It was plain enough that such leadership could never come from Aldrich and Cannon and there was no more reason to expect it from Sherman. And yet when there were signs of a progressive movement, where was the 'position' of the President? Did he not take pains to stand by Aldrich and compliment him? Did he not give his sympathy to Cannon in his hour of trouble? Did he not defend the Payne tariff and administer rebuke to the "progressives," who were denounced by others as 'insurgents?'"

That great New York paper certainly puts it on President Taft and indicates why he could not now lead a progressive movement without reversing himself, but North Carolinians should notice the evident small opinion the Journal of Commerce has for Vice President Sherman who is soon coming to North Carolina to induce Democrats to leave their party and follow Morehead and Butler. That paper knows the record of Sherman fully and he will not come to North Carolina with anything like a good recommendation from the New York editor who wrote that editorial.

The Journal of Commerce notes the fact that "progressives" usually have to begin as insurgents when there is an established power that refuses to countenance progress. Thereupon our esteemed contemporary remarks that "it seems as though the President had an opportunity for progressive leadership from the time he took office and that he failed to grasp it. He might have headed a movement for progress instead of being dragged along with it."

It is too late now for President Taft to undertake to lead a progressive movement to save his party, but the probability is that Colonel Roosevelt is in a position to do so, although he has been tardy about it, playing the shrewd political game of quietly watching to see what the chances were before he would show his hand. Our New York contemporary believes that harmonizing progressiveness and standpatism is a hopeless undertaking and pertinently asks: "Why not boldly get in front and take the lead, so far as public utterance is called for, and let the deadwood look out for itself?" It adds that it might not mean success in New York State or any other State at this time "but it would mean progress and ultimate success."

The indications in this country are that the people are for progress and reform along party lines and the ablest papers in this country appear to be strong friends of the movement. President Taft, by leading the movement, had the opportunity to make himself the biggest man of the country, but he was too easy for capture by Aldrichism and Cannonism. It is all the better for the Democratic party, to which the people can look instead of waiting for the Republican party to engage in the hopeless task of ridding itself of Aldrichism, Cannonism and protectionism.

## BARKING UP THE WRONG TREE.

The graft idea has taken a terrible hold upon this country. The Hon. S. S. McNinch, Republican nominee for Congress in the Ninth District, writes the Charlotte Observer concerning the "possibilities of western North Carolina" and speaks about what God has done for that beautiful country. However, in spite of what God has done for it, Mr. McNinch says "protection must prevail if this section is developed." Evidently God didn't do much for it if it takes tariff graft to complete the work. In the first place, the tariff benefits industries already established and will benefit no country unless it establishes such industries as share in the tariff graft. Even then they won't share in it so as you will notice it if they are not in some trust. Enterprise develops the possibilities of a country and no country would seem to have possibilities of any great degree of potentiality if it requires government aid to enable its industries to be successful.

The independence and self-reliance of industrial promoters in this country have been destroyed by tariff bounties. They no longer rely upon their ability to make industries successful without asking and expecting the privilege of dipping their hands into the pockets of the people. Thus they become beggars for special favors without manifesting the least humility or embarrassment in taking the position that the industries of this country cannot compete with those of any other country unless the government aids them in doing it. The fact is, the protection policy has been a breeder of greed and avarice among Americans and they cut a pitiable spectacle in the eyes of the world while holding out their palms for help at the expense of the people.

Protection, as the Republican party now provides it for the already rich corporations, simply empties a bounty into laps already full. The "American policy," by which protection originally was known, was intended to foster "infant industries" in the early efforts of this country to become independent of foreign manufacturers. All the "infant industries" once asked was a tariff which would cover the difference between higher labor in this country and cheaper labor in Europe so that they could thus be on an equal footing for competition with European industries. Under the graft idea, however, the free-booters not only make the plea that they must have the money to pay labor but must have such a tariff that the industries become enormously rich from government aid and are enabled to organize trusts for the purpose of squeezing consumers for all they are worth.

Mr. McNinch is behind the times in advocating a continuance of the fleecing policy of the Republican party, for insurgency means that hosts of Republicans have gotten enough of tariff robbery instead of protection, while Democrats are not to be fooled in view of the fact that Republicans themselves have revolted at the monstrous idea that the people must submit to exhorbitant charges and tariff taxes on the necessities for existence for themselves and their families who work for a living without government pap. Be it remembered that though "a tariff for revenue only" should be adopted such a tariff necessarily, would be so high that it would be reasonable protection for American industries. Indeed, there possibly can be no such thing as "a revenus for tariff only," because if duties of any kind are levied for the support of the government it follows that manufacturers are protected in the same proportion that a revenue is raised for the government.

American people have lost their spirit when they longer submit to a policy which crushes them and builds up trusts and create Roosevelt's "malefactors of great wealth." Leastwise, we should think North Carolinians know too much to cast their vates for bloated tariff beneficiaries. The people of this country do not favor any policy which will injure a single American industry but they certainly should rebel and are rebelling against the Republican policy of heavily taxing them to enrich the favored few. Already, Mr. McNinch, if he can read, must observe that President Taft himself sees the handwriting on the wall and is making concessions to the demands of outraged consumers for lower tariff duties. His Congress "revised" the tariff, and new tariff bills generally stand for a number of years without being changed or altered. Nevertheless, the indignant American public has raised such a storm about his ears that we find him in his "keynate" throwing out sop to them in the way of promising further tariff revision. Therefore, Mr. McNinch is barking up the wrong tree when he thinks North Carolinians with brains will pay any attention to his twaddle to the effect that he should be sent to Congress to further tax them under the specious plea that it will build up "this beautiful country, wonderful evidence of our God!"

That same McNinch should know that the God he speaks of never made that "beautiful country" with the idea that the masses in it should have graft ground out of them for the benefit of others under the plea that its god-given possibilities are not worth a shuck till they vote a tax on what they eat and wear and buy, all for the enrichment of the beneficiaries of the tariff graft. Mr. McNinch should get wise. The people know a thing or two. They should not permit him to warm a seat in Congress under a plea that is out of date and is even now being repudiated by protection Republicans themselves all over this country. He should be permitted to stay at home and nurse the protection fetish which he thinks needs more nourishment to keep its puny legs from collapsing.

If it be true that "Consistency, thou art a jewel", very few of us can display in our casket the jewel which represents consistency.

As soon as they figure up the loss from the great forest fires in Montana, it should be charged up to Ballinger whether he ever settles or not.

No doubt the Taft smile frequently comes off during his busy hours while he has to watch the insurgents, the Democrats and Colonel Roosevelt.

Some people have been found not guilty of being directly connected with the Oklahoma land graft scandal. They will be let off this time if they don't do it again.

It insults Atlanta to put "Ga." after it, because Atlanta thinks you can find Georgia on the map by locating Atlanta. Nevertheless, both Atlanta and Tom Watson are in Georgia.

Why doesn't Morehead make his Republican party take the first step towards "respectability" by voting for the Hon. Charles M. Stedman for Congress in the Fifth District? That would be doing one "decent" thing.

One good thing about a primary election is that, though there is always a possibility that the voters can be debauched, there is always a chance to get the debaucher in jail. Congressman Sibley, of Pennsylvania, is now in the "cooler" for that kind of work.

If the Hon. Marion Butler can make North Carolina Republicanism respectable by showing the Hon. John Motley Morehead how to do the work, President Taft should send for Butler and Morehead and give them a job at making the National Republican party respectable.

## CURRENT COMMENT.

That is an ugly charge which Attorney General Bingham, of Indiana, brings against officers of the Department of Agriculture at Washington, when he declares they did all they could to render abortive his efforts to enforce the State law against the sale of food containing benzonate of soda. Mr. Bingham, it appears, wanted the testimony of some of the Federal experts and went to Washington to get it. The Department, he says, fought his efforts in this direction, declaring that its experts would not be permitted to testify unless the court entered an order to that effect. Furthermore, when such an order was asked for by Mr. Bingham, counsel for the department objected to its granting. On this point, however, the Indiana Attorney General won. Certainly a charge of such gravity should be promptly and thoroughly investigated. If there is one thing in which State and Federal authorities should actively co-operate it it enofrcement of the laws designed to protect the public health.—Norfolk Virginian Pilot.

Among the many things illustrated by the primaries is the contrast between three methods of campaigning—the gladhand, the still hunt and the popular appeal. All three were represented in this campaign by experts. Chas. F. Curry is the champion glad hander of the profession. He has absolutely all competitors distanced. He could run for constable in every township in California, and be elected in them all. But when he tried to run for governor that way, he was hopelessly distanced. Alden Anderson made the ideal "gentleman's" campaign. In the first place, he is a gentleman of fine and attractive personality, and with wide acquaintance among his class. Then he did the "gentlemanly" thing of having all the shouting done for him. Billboards and boosters made the noise. Personally, he slipped into town, met the local leaders, and slipped out. When he finished he had not started. Hiram Johnson went direct to the people. He met more men personally, by speech making than a dozen Curry's could by glad-handing. He made a direct, popular appeal, for a principle and a cause in which he believed. And the victory is overwhelming.—Fresno Republican.

Governor Hughes, of New York, believes the town and city should be the primary school for State and Federal statesmanship. That is all very well, but unless we have better teachers in the primary department the article of statesmanship turned out will not prove any better than it has in the past. When office holding is made more attractive, when the man can seek an office he believes he has the ability to fill and to fill to the advantage of the town or city which he serves, without being made the subject of villification and abuse when undeserved, then, perhaps, there is hope men. The president of the Municipal League, speaking on this matter, said: "How can we assist in rendering a political career attractive to our best citizens ?We know of only one way, and that is to give our loyal support to good men in office: to respect, honor and encourage them to show them that their work for the public is fully appreciated, to be lenient with them when they make mistakes, and to condemn their libellers and detractors." Everybody likes to be appreciated for doing hard and conscientious work and it would, we believe, be a good idea to give our public officials a little of it when deserved.—Durham Sun.

Some time ago when The News learned that Congressman Morehead had been scattering abroad thousands of political documents, urging voters to support McNinch and advising the organization of Republican clubs, under his frank, we called attention to this flagrant abuse of the franking privilege. Later the postmaster general has ruled, so we understand, that those portions of his franked documents of a purely political nature were in violation of the laws governing the franking privilege, and ordered that they could not be mailed free. But the damage had been done. Some days ago the Greensboro News endeavored to make political capital out of the fact that Congressman Webb had sent out documents with accompanying letters, which it charged were not frankable. As a matter of fact Mr. Webb has circulated no documents under his frank which were not strictly public documents, and therefore coming under the franking liberties exercised by all congressmen. There was a world of difference between the class of matter sent out free by the two. One was legitimately frankable. The other was not, and was stopped. If the Greensboro News doubts whether or not Mr. Webb's documents were frankable, let it write the postmaster general and get a ruling on same.—Charlotte News.

HENRY TRIBBLE STOCKARD, A. M., Pres., Raleigh, N. C.

# BOVINE THIEF NABBED HERE

**Negro Wanted in Brunswick for Stealing Cattle Arrested Just Before Offering for Sale Heifer Stolen Wednesday.**

Tillman Shepherd, alias Henry Anderson, colored, wanted in Brunswick county for the theft of an ox from Mr. J. M. Skipper, August 18th, was arrested at the Front street market in this city yesterday morning at 7:20 o'clock by Patrolman A. D. Smith just after the negro had left the ferry boat on which he crossed the river with a heifer he is thought to have stolen Wednesday night from Mr. West Skipper, also of Brunswick, about six miles from the city. The negro was taken last night to Farmer's Station, Brunswick county, for preliminary hearing before Justice L. S. Skipper.

Senator Geo. H. Bellamy, of Brunswick county, is solely responsible for the capture of the negro. Mr. Bellamy, who had heard of the theft of the ox and had been given a description of the negro under suspicion, happened to be at the ferry when the negro came over yesterday morning with the animal. He immediately telephoned to police headquarters, an officer was sent down and the negro was placed under arrest. Mr. Chas. Skipper, son of Mr. West Skipper, later identified the heifer as belonging to his father.

Deputy Sheriff G. W. Skipper, of Northwest township, Brunswick county, who was here Monday in search of the negro, returned yesterday morning for the purpose of continuing his search, and shortly after arrival he learned of the arrest. The negro went by the name of Tillman Shepherd in Brunswick, where he has lived off and on for the past year or two, but to the Wilmington officers he gave his name as Henry Anderson. During the day he was identified by several persons as being the negro who went by the name of Shepherd in Brunswick county.

The warrant for the negro charges that he stole an ox from J. M. Skipper, August 18th, and sold him to Samuel Merrick in Wilmington for $20. A warrant charging him with stealing a heifer from Mr. West Skipper will also be issued.

That the negro is a desperate character was shown yesterday afternoon by his efforts to liberate himself from the city prison where he was confined during the day. Shortly after 2 o'clock Captain "Bob" Green had occasion to go to the negro's cell and to his surprise he found that one of the upright wooden bars to the cell had been cut in two with a pocket knife. The negro had ceased his cutting and had thrown the knife in one corner of the cell. It did not take him a very long time to cut the bar in two as the work was started some time ago by another prisoner. With the bar cut in two it would have been an easy matter for the negro to have crawled out of his cell to the corridor, but he could not have gotten any further for the time being. Perhaps his idea was to wait until night fall, then go out in the corridor and secrete himself near the iron door and when an officer came to give him supper run by him and to freedom. Captain Green promptly transferred the negro to another and more substantial cell.

## DR. McCLURE AT MONTROSE.

**Popular Wilmington Pastor Having Delightful Sojourn There.**

Many Wilmington friends of Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, who with his entire family are sojourning for a while at Montrose, Pa., will be delighted to know that he is taking a complete rest and is well pleased with the location. In a private letter Dr. McClure says that Montrose is a place of 2,000 inhabitants and is 2,000 feet above the sea level. It is the home of Rev. Dr. R. A. Torrey and the Montrose Bible Conference which is now in session. Dr. McClure says it is a delightful place; the nights are cool and the days delightful. At one of the services of the conference, Mr. Butler asked the people to show that they could sing "His Love For Me" as "well as it was sung in Wilmington." All the Torrey party send love to Wilmington and thanks for kindness they received while there. Writing further Dr. McClure says:

"This is a delightful place for a vacation with fine roads, golf links, tennis courts, lakes for boating and fishing and views of fields and farms and forests, mountains and valleys beyond which are sunrise and sunset scenes. It is a great milk country producing cream and butter. It is reached by railroads running through anthracite coal regions and the Delaware Water Gap. I wish all my friends could enjoy this. I expect to reach home Sept. 1st."

## TELEPHONE CONNECTIONS.

**Line From Little River, S. C., Has Been Added to the Service.**

Through a contract closed this week between the Southern Bell Telephone Company and the Little River Telephone Company the line running through Brunswick county, connecting Southport, Shallotte, Supply and Little River, S. C., has been added to the regular telephone service.

The Wilmington system has been in connection with Southport for some years, but in the past the other places could be reached only over a private line. This improvement secured through the efforts of the Southern Bell Company, which is working to the great advantage of the rural public, adds to the service.

The Winnabow Telephone Company will soon open the new line through Brunswick county from Funston, with a long list of connections.

# STATE COUNCIL ADJOURNS

**Juniors Departing for Their Homes in Various Parts of North Carolina. Only One Session Yesterday.**

By reason of the fact that this was the second regular convention within 12 months and the further fact that it was the most harmonious and smoothest meeting in some years, the North Carolina State Council, Junior Order, United American Mechanics, which has been in session at Tarrymoore Hotel, Wrightsville Beach, was able to complete its work yesterday morning—requiring just about one-half the usual time to transact the business of the organization.

As a result, Wrightsville Beach and Wilmington will not have the pleasure of entertaining the visitors as long as was at first expected for many of them have already departed for their homes and others leave today. Some few expect to remain for a few days yet. The visitors declared this to have been one of the greatest meetings ever held and none could have been more thoroughly delightful. Among the number there were many who have never visited the seashore before and in departing they declared that they expected to spend much time at the beach next year. They were well cared for at the hotel and the local Juniors left nothing undone that would add to the comfort and pleasure of the visitors. At the entrance to the assembly hall soft drinks of the various kinds were served the visitors by members of the local refreshment committee and this courtesy was greatly appreciated.

The concluding session of the Council convened at 9:30 o'clock yesterday morning with State Councilor W. Ben Goodwin, of Elizabeth City, presiding. All of the business was completed by noon when the Council adjourned sine die

A resolution was adopted thanking the hotel, railroads, local Juniors and others who aided in any way in making the meeting the great success it was. A resolution of interest and one that came as quite a surprise, conferring upon Mr. R. H. Fulghum the honor of Past State Councilor, he having served 10 years as assistant secretary, was unanimously adopted. The Past Councilor's jewel will be presented to Mr. Fulghum. A resolution was also adopted giving Mr. W. Ben Goodwin the honor of Past State Councilor, he having served the six months term as State Councilor. Another resolution of interest was one to the effect that although the last term was for only six months that the State officers be paid the same salary they would have received for 12 months. This was unanimously adopted.

One of the most interesting features of the session was the installation of the newly elected officers. This is always attended with more or less ceremony and is very impressive. The following are the officers installed: Councilor, L. T. Hartsell, Concord; Vice Councilor, U. M. Gillikin, Goldsboro; secretary, S. F. Vance; assistant secretary, A. M. Noble; treasurer, G. V. Fulp, Kernersville; conductor, O. W. Jones, Winston-Salem; warden, B. D. Hamilton; inside sentinel, S. N. Bowman, Randleman; outside sentinel, N. T. Blue, Carthage; chaplain, Rev. S. F. Nicks. There were four representatives to the National Council to be selected this year, one to fill the unexpired term of Col. Z. P. Smith, of Greensboro, resigned, and the other three for four years. Mr. J. J. Phoenix, of Greensboro, was elected to fill the unexpired term of two years and the following were elected for full terms: J. F. Reynolds, Winston-Salem, W. B. Goodwin, Elizabeth City; J. W. Sechrest, High Point. There are seven representatives from this State and the following are the other three: Prof. Chas. E. Brewer, Wake Forest; R. T. Pool, Troy; C. B. Webb, Greensboro.

The Tidewater Power Company will give a souvenir dance at Lumina tonight in honor of the visitors, some of whom will remain at the beach for the event. The dance will also be attended by a large number from Wilmington.

## THE DOCKERY HIGHWAY.

**Editor C. Ed Taylor, of Southport News an Enthusiastic Advocate.**

Editor C. Ed Taylor, of the Southport News, who spent last night in the city, is an enthusiastic advocate of the Wilmington to Charlotte Highway and is interesting himself to see that the county of Brunswick is represented at the meeting to be held soon at Laurinburg. The proposed highway would pass only through Northwest township in Brunswick and this township already has authority to vote on a $15,000 bond issue for the improvement of public roads. As the adjoining township, Town Creek, has just voted its quota of bonds for highway improvement, it is believed that Northwest will also soon fall in line and will include in its scheme of general improvement the highway from Brunswick bridge to Cronly, a distance of some 12 miles, according to Mr. Taylor. Northwest is a very progressive township and such men as Mr. A. J. Robbins, Mr. A. S. Kirby, Mr. A. M. Chinnis and others residing in that section will no doubt in due time take up the matter and push it to a successful conclusion. Mr. Taylor finds it impossible to attend the Laurinburg meeting personally, but would be glad for as many representative men as possible to attend from Northwest township, which holds the key to the situation.

THE SOUTHERN NATIONAL BANK

# THE PROPOSED NEW HOTEL

**Chamber of Commerce Endorses the Proposition to Erect $250,000 Institution at Wrightsville Beach.**

At a called meeting of the Chamber of Commerce, largely attended by representative business men of the community, yesterday at noon, the proposition to erect a $250,000 hotel at Wrightsville Beach with the idea in view of eventually making the beach a Winter as well as a Summer resort, was heard and generally discussed, resulting in the adoption of a resolution putting the body on record as strongly endorsing the proposition and the plan of organization as outlined by the promoters.

The idea is to raise $50,000 of the amount of capital in Wilmington and the remainder elsewhere and at least $6,000 of the amount has practically been subscribed. The hotel now seems an assured fact.

The meeting was called to order shortly after 12 o'clock by President J. A. Taylor, of the Chamber, who stated the object of the meeting as set forth in the call issued Wednesday. He then called upon Mr. G. G. Carter, of Atlanta, Ga., one of the promoters, to state his proposition to the Chamber. Mr. Carter stated that he had spent some time at Wrightsville Beach recently and noticed with interest and pleasure the growing popularity of the resort. He was impressed with the idea, however, that the resort is yet in its infancy and needs only to be developed. Nothing would tend to develop the resort more rapidly and permanently than the erection of another hotel, one larger and more attractive than either of the two excellent hotels that are now taking care of the visitors on the beach. The erection of a hotel of the kind he proposed would not detract from the other hotels on the beach, but would probably be the means of attracting a class of people who have not heretofore visited the resort in any great numbers. With a large hotel would be a great drawing card for the resort and as a result all the hotels would be filled a greater portion, if not quite all the season. Wrightsville Beach is just now in the crucial period of its history and if the developments go on as proposed it has a future greater by far than any other seashore resort in the South. Mr. Carter was especially pleased with the increased number of visitors to the resort this year, largely brought about by the increased accommodations and efforts of the railroads. A Seaboard Air Line official had told him that the travel to the beach this season was 30 per cent. greater than any previous season. The Seaboard has given and will continue to give its hearty support to Wrightsville Beach, said the official. The plan is to erect on property on which an option is held a $250,000 hotel; one-fifth, or $50,000 of the stock to be owned by Wilmington business men, and Mr. Carter to raise the remainder among business men of Atlanta, Ga., and other places. The hotel would be sufficient in size to take care of a tremendous crowd, would have concrete foundations and steel framing. It is contemplated to use the fourth floor for an assembly hall for large conventions, dances and other gatherings, both Summer and Winter. The fourth floor would really be a roof garden in the Summer and in the Winter would be inclosed and used for a convention hall, etc.

Graham Kenan, Esq., heartily endorsed the proposition and emphasized the need of such a hotel as proposed and referred to the increased business it would mean for Wilmington. Mr. Kenan moved that the Chamber of Commerce endorse the proposition and the plan of organization, after which the matter was discussed at length, all the speakers being heartily in favor of the proposition.

Mr. Chas. N. Evans urged the Chamber to give its local endorsement to the proposition and gave a number of reasons why the hotel should be a paying investment from the start. It would be a great help to the merchants of the city as thousands would be attracted to the beach that do not now Summer there. Captain Earl I. Brown, U. S. Engineer, in charge of this district, he said, had stated that the inland waterways route would be by Wrightsville Beach and this means that hundreds of sailing craft from the North would visit the resort every year. A handsome hotel near the water course would give the visitors a most favorable impression of the resort and likewise of Wilmington.

When Mr. Evans concluded Graham Kenan, Esq., stated that Mr. Chas. E. Hooper, a well known hotel man of Charlotte, was down here a few days ago and when told by Mr. Carter the plan for the hotel, he stated that he would lease the hotel and guarantee to the stockholders 10 per cent. net on their investment the first year.

Mr. J. M. Solky, a prominnt local merchant, thought it one of the finest propositions ever offered for the development of Wrightsville. He spoke of the rapid advance in the value of real estate on the beach during the past few years and of the resort's growth in popularity and paid tribute to the Tidewater Power Company in making the place what it is today. He has subscribed stock to the amount of $1,000.

Being called upon for his opinion, George Rountree, Esq., said he thought that the capitalization was too great. He thought it better to build a smaller hotel and add to it as needed. This would be more feasible and more likely to be successful, as he saw it, though he declared that he was not a hotel man. He considered a capital stock of $150,000 sufficient.

He was followed by Mr. M. F. H. Gouverneur, of Hugh MacRae & Co., bankers, who thought the proposed capital was not too much. He brought out the fact that the beach can easily be made a Winter as well as Summer resort and should attract thousands of Northerners in the Winter. He thought his firm would take $5,000 of the stock in the company. Mr. A. B. Skelding, general manager of the Tidewater Power Company, was called upon and also spoke of the unique position of Wrightsville Beach as regards climate, being agreeable in both Winter and Summer, which cannot be said of any other resort in the country. President Taylor did not think a capitalization of $250,000 too much, but stated that the matter of capital would necessarily have to be determined later by the stockholders. The motion of Mr. Kenan was then put to a vote and carried unanimously. The meeting then adjourned.

## COURT MARTIAL ABOUT OVER.

**Trial of Three Cutter "Jackies" on Various Charges Ended.**

With the evidence all in, the cases of Willie Sanford, a young white man of this city, charged with desertion, and the two sailors, Duggen and Beswoda, for violating shore leave, the court martial on the revenue cutter Seminole is about concluded and the findings will be forwarded to the Department with the completion of one more case.

The officers conducting the court are awaiting further evidence against Smith, a youth who formerly lived here, and who recently surrendered after deserting the ship at Norfolk. The court on the cutter, detailed for this service, pass on the findings, forward them to the Department, where they are either sustained and sentences fixed, or set aside. Lieut. Thompson is president of the court, with Lieutenants Wishaar and Doran members.

## SEMINOLE TO HATTERAS.

**Cutter Goes to Destroy Abandoned Schooner Monahan.**

On the first cruise of the season since her return from the ship yard, the revenue cutter Seminole, Capt. R. O. Crisp, left port yesterday afternoon at 4 o'clock and will steam to sea today in search of the abandoned schooner Catherine M. Monahan in the vicinity of Cape Hatteras, which was deserted by the crew in a sinking condition on Wednesday morning.

The big four-masted coaster had cargo of cement and was bound from New York to Knights Key, Fla. Capt. Sifford, the master, and his crew took to the boats and landed safely at Durant's Life Saving Station. If the Seminole is able to find the derelict on the cruise over her territory it will be destroyed in order to get the obstruction out of the path of navigation. If the weather was favorable the cutter went to sea last night, but otherwise remained at Southport until today.

## CUSTOM HOUSE PROPERTY.

**Heyer Building Has Been Rented to Messrs. Sol Bear & Co.**

As an evidence of the fact that the government has no intention of removing the buildings from the custom house site in the near future, the old Heyer building at the corner of Water and Princess streets has been rented to Messrs. Sol Bear & Co., and will be used by this firm after the first of the month.

The firm has secured the first floor for storage purposes and the work of getting the place in shape has been in progress for several days. Several of the property owners have so far declined to accept payment from the government. Until the money is paid over they will not have to pay rent for the property they occupy. Money has been paid over for the Heyer property and several others on the block. The government will permit them to be rented only by the month.

**The Recorder's Court.**

There were only three cases for trial in the Recorder's court yesterday morning and the session lasted only a few minutes. Substitute Recorder George Harriss presided. Harry Graham, a colored youth, was arrested at the union station yesterday morning on the charge of jumping on an outgoing Coast Line train. He was fined $5, or 30 days on the roads. He had not arranged the amount of the fine and costs yesteday. A drunk was fined the usual amount of $5 and costs. A negro boy was arraigned on the charge of disorderly conduct, but it developed that the wrong negro had been arrested and he was discharged.

**North to Buy Goods.**

Mr. and Mrs. C. W. Polvogt left last evening for New York and other points of interest in the North where Mr. Polvogt will be engaged for several weeks in buying stock for his large dry goods establishment in this city. Mr. and Mrs. Polvogt were accompanied by Miss Lottie Haar, who will make selections of Fall and Winter millinery, with which department Miss Haar has been connected for some time.

**Excursion From Hope Mills.**

From Hope Mills yesterday morning came an excursion train, bringing about 175 white people and about half that number of colored people. The excursion came from along the line of the Aberdeen & Rockfish Railroad and was the first of the season from that section. The excursionists will remain in the city until today when the return trip will be made.

## LABOR DAY EXCURSION TO NEWBERN.

The Atlantic Coast Line will operate, under the direction of Thos. H. Knight, an excursion to Newbern, Monday, September 5th, Labor Day, which promises to be the big excursion event of the season. Hundreds have signified their intention of going, and it will be worth while for you to accompany them. This will be one of the best excursions ever operated out of Wilmington; but, the "proof of the pudding is in the eating." Can you imagine a more glorious vacation, especially at this season of the year? Spend Labor Day at Newbern and enjoy the finest outing you have ever had. There will be separate cars for white and colored passengers, and every care will be taken of ladies and children. The fare for the round trip is only $1.50. The special train will leave Wilmington at 7:30 A. M., returning leave Newbern at 10:00 P. M. til se 4.

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so-called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." Robt R. Bellamy.

## NO DROWNING AT BEACH.

**Something Fluttering in Water Caused Alarm to be Given.**

It was talked on the streets here yesterday afternoon that a young man had been drowned at Wrightsville Beach, but investigation showed that the report was a mistake. Some ladies at one of the cottages at the upper end of the beach noticed a fluttering in the water some distance from the shore and thought a person was about to drown and immediately gave the alarm. They had noticed a young man go in the surf some time before and had not seen him when he went out and took it for granted that it was he who was drowning when they saw a flutter in the water. The scene of the supposed tragedy was near the Tarrymoore Hotel and the management of that hostelry was notified. At once one of the best swimmers was sent out but could see nothing of a drowning man. A boat was also sent out to be of assistance in case it was needed. The ladies who saw what they supposed a man struggling in the water stated last night that it was very likely they were mistaken. No one was missing at the beach last night and it is not thought that any one was drowned.

## WILL MEET IN SALISBURY.

**Twenty-Fifth Annual Convention Lutheran Missionary Society.**

The 25th annual convention of the Woman's Home and Foreign Missionary Society of the North Carolina Synod meets in St. John's Lutheran Church, Salisbury, today and continues in session through next Tuesday. This being the Silver Jubilee a large crowd is expected. Mrs. F. A. Bissinger will attend as a delegate from St. Paul's Church and Mrs. A. J. Miller from St. Matthew's Church. Rev. A. J. Stewart, the children's missionary to Japan, who returned to America July 6th, will be present and address the convention.

## BUYS RESIDENCE PROPERTY.

**Mr. W. E. Perdew Purchased Lot at Corner 17th and Market.**

Through the progressive real estate firm of J. G. Wright & Son, Mr. Wm. E. Perdew yesterday purchased the valuable lot on northeast corner of 17th and Market streets, adjoining the lot on which Mr. T. M. Emerson, president of the A. C. L., is arranging to erect a handsome home. The property has a frontage on Market street of 100 feet and 200 feet on 17th street. It is understood that the consideration was in the neighborhood of $3,000. Mr. Perdew, it is understood, will erect a handsome home on the property.

## GRANVILLE CASE.

**County Commissioners Triumphantly Exonerated of any Blame.**

(Special Star Telegram.)

Oxford, N. C., Aug. 25.—The Granville County Commissioners were triumphantly vindicated on the trials today at Creedmoor in the presence of a large crowd of citizens from various parts of the county.

The case was removed from J. L. Peed, who issued the warrant, and was tried before Robt. G. Stem and L. L. Crews, two justices of the peace. The prosecution introduced James B. Powell, register of deeds, as a witness and upon his examination it was shown that the Commissioners had complied with the law in every respect and none of the charges contained in the warrant were true and that Jas. Y. Whitaker, who made the affidavit, charging them with neglect of duty, among other things in not electing road supervisors in each township, was himself elected a supervisor and was then acting as such. Upon conclusion of Mr. Powell's evidence the attorneys for the prosecution stated that it seemed the warrant had been issued upon a misapprehension of the facts and they could not ask for a conviction and thereupon a verdict of not guilty was entered.

There were separate warrants against three of the Commissioners charging them with contracting with the county for their own benefit, neglect of duty and receiving pay for committee work.

Upon the conclusion of the first trial the attorneys for the prosecution went out to confer and soon returned and said they had ascertained that the Commissioners had received pay for committee work, but upon decision of the Supreme Court in the case of Davidson vs. Commissioners of Guilford the Commissioners had no right to charge for such work, they refunded the per diem to the county, and, therefore, they would not ask that they be held to answer for it.

As to the other charges they could not be found, that these warrants also had been taken out under a misapprehension of the facts, and, therefore, the prosecution would be abandoned.

The attorneys for the commissioners stated that the office was a thankless one and hard to administer, but the defendants were not guilty of any of the charges brought and that they stood ready at any time to explain to the court or to the citizens every transaction since they had been in the office; that in response to the subpoena of the court they had produced every book and voucher connected with the expenditure of the road fund of the county.

Thereupon a verdict of not guilty was entered in any case to the satisfaction of the immense audience.

Bramham & Brawley, of Durham, represented the prosecution and the defendants were represented by Gen. B. S. Royster, B. K. Lassiter, Graham & Devin and D. G. Brummitt.

### MR. WILLIAM P. DREW GETS CHICAGO BRIDE.

Many friends of the groom in the city will be interested in the marriage announcement of Mr. William P. Drew, son of Mr. and Mrs. James Drew, of this city, and Miss Eva Francis Wilson, which occurred at the home of the bride's sister in Chicago, Ill., on Wednesday morning, July 24, at 8:30 o'clock. Immediately after the ceremony the couple left for the East to return to the home of the groom at Mooreville, where he is agent for the Southern Railway.

The marriage was the culmination of a romantic love affair, Mr. Drew having become acquainted with Miss Wilson on one of his trips to the West some two years ago. After a few months of correspondence they decided to marry and when Mr. Drew recently left for the West he told his relatives and a few friends of his intentions. The wedding was no surprise to his parents. His bride was formerly a Southern girl, having lived for a number of years in Tennessee.

Mr. Drew made Wilmington his home until about a year ago, holding positions with the Coast Line and several prominent business firms. He is a splendid business man and clever gentleman and the marriage announcement will be of much interest to his many friends. They will probably visit Wilmington during the Fall.

### GUN CLUB SHOOT.

C. people will be present and will add interest to the meet. All cars stop on the grounds and there should be a large attendance of the members.

### PROTEST AGAINST ESTRADA.

**Madriz's Generals Declare He Shall Not Rule Over Nicaragua.**

New Orleans, Aug. 25.—Unofficial advices received tonight from Managua indicate that more or less chaotic conditions prevail throughout a large part of Nicaragua as a result of the opposition which the conservative party is said to be giving to the plan to make General Juan J. Estrada provisional president.

According to reports current in Managua, Generals Luis Mena and Emiliano Chamorro have openly declared that Juan J. Estrada shall not be placed in charge of the country's affairs. Another cable dispatch from Managua says that a report has been received there stating that Fernando Rivas was not killed last Saturday, but that he is still at the head of an army of 600 or 700 men and promises to form an important factor in the final outcome of the turmoil which now exists. This report was discredited in Managua and was believed to have its foundation in the understanding that General Rivas' command was still intact, although he is no longer at the head.

### FOUND NEAR DEATTH.

**Dallas Man Chloroformed Himself by Accident in New York.**

Ne wYork, August 225.—Henry B. Lindsey, of Dallas Texas, who is staying at the Hotel Nickerbocker, applied chloroform to his face in an effort to cure neuralgia today and narrowly escaped being killed by the fumes. He was found lying on the bed unconscious.

Two physicians worked over him for an hour and finally managed to restore him to consciousness. He will recover.

Lindsey is manager of the Southern Life Insurance Company with headquarters at Dallas.

### R. C. VANDERBILT ILL.

**Suffering a Slight Attack of Fever Near Newport.**

Newport, R. I., Aug. 25.—Reginald C. Vanderbilt is ill with typhoid fever at his farm, Sandy Point, a few miles outside of Newport. Dr. Austin Flint, Jr., of New York, said today that Mr. Vanderbilt's attack was a "slight one."

### ALLISON TRIES SUICIDE.

**Carried Out His Threat at Asheville With Concealed Penknife.**

(Special Star Telegram.)

Asheville, N. C., Aug. 25.—Desperately determined to die of his own hand rather than be electrocuted by State authorities at Raleigh, James B. Allison, sentenced to be electrocuted February 24th for killing Floyd McGee, attempted suicide by cutting his throat with a penknife at 6 o'clock this morning when Sheriff Hunter informed him that he had come to take him to Raleigh.

He had a small knife concealed about him and, asking that he be given a clean shirt and collar before he started on his journey, a deputy was dispatched to perform this duty when Allison stepping back into a corner of his cell began slashing his throat. The lock was sprung and he was overpowered by the sheriff. Fifteen stitches were necessary to sew up the wound. He is heavily guarded. Last night Allison contemplating suicide wrote a letter to a local newspaper man in which he stated he did not regret killing McGee; he only regretted not killing the Wheeler woman over whom the difficulty arose. He declared he would not be the first Asheville man to die, nor would the State make a show of him.

### MAYNARD TO CONTEST.

**Refuses to Concede Defeat by Young in Second Virginia District.**

Norfolk Va., Aug. 25.—Until the official count is in from all parts of the district, it will not be positively known who has won the Second District Congressional nomination as the result of Tuesday's primary. At this time former Representative William A. Young still leads Congressman H. L. Maynard on the face of the returns by 67 votes, but Maynard still refuses to concede defeat even on the face of the official returns and has given notice of contest on the ground of irregularities in Norfolk, where the official count was completed today with a majority of 1,969 for Young.

The Young majority in the district was reduced today from 113 when it was found that in Norfolk county one precinct had been returned unofficially under two separate names.

The Portsmouth vote giving Maynard an unofficial majority of 1,143 votes, is not to be canvassed until tomorrow night. The official canvas of Princess Anne, Nansemond, Isle of Wight and Southampton counties are still to be had.

### SHOT WOMAN AND SELF.

**Tragedy on Street of Knoxville—Proved Fatal for Him.**

Knoxville, Tenn., Aug. 25.—Pedestrians on South Broadway late today saw Henry Gardner, aged 20, approach a woman, fire two shots at her, then turn the weapon upon himself and commit suicide. Gardner is the son of a farmer living three miles from the city. The woman he tried to kill was Mrs. Ellen Ball, who came here less than a week ago from Pelzer, S. C., and previously to that resided at Spartanburg, S. C. The woman was shot through one hand and the lobe of one ear and though removed to a hospital is but slightly hurt. Gardner fired two shots into his right breast and died almost instantly. He left a note stating that he had rather die than live without the woman, adding that she had gone back on him.

### PERSONAL PARAGRAPHS.

### RAILROAD DEVELOPMENT.

**Seaboard Making Into Coast Line Territory—Death of Settler.**

(Special Star Correspondence.)

Florence, S. C., Aug. 25.—The Times this afternoon says that from what can be learned the Seaboard is losing no time in making its way through the Pee Dee section. It is been made for crossing the Coast stated that all arrangements have been made for crossing the Coast Line tracks at Floyd's, in Darlington county, and the Darlington extension is being pushed. It is also stated that the Seaboard has already crossed the Coast Line tracks at Mullins and is pushing beyond either to Conway, S. C., or Georgetown. Nothing definite is learned by the Times with reference to the Seaboard's entrance of Florence.

Jas. S. McCall, for many years prominent in the public life of the county, died today after several years illness. He was one of several children of the late William McCall, one of the earliest settlers and raised a large family near Hopewell church on original land grants to the McCall family. Mr. McCall is survived by his wife and several children, with several brothers and sisters.

The shop force of the Coast Line has been materially increased here lately by the return of former employes. The Florence shops are becoming more important as the railroad has found that not all the work can be done at the Rocky Mount and Waycross shops.

### WRECK NEAR VALDESE.

**Engine Left Track.—Fireman Slightly Hurt but no Passengers.**

Connelly Springs, August 25.—The fast passenger train, No. 21, over the Southern was wrecked this morning at Valdese. The engine left the track and the fireman received injuries which are not considered serious. None of the passengers were hurt, but all were shaken up.

Birmingham, Ala., Aug. 22.—A special from Jackson, Miss., says a heavy vote is being cast today in the Democratic primary to nominate a candidate for Congress in the Sixth Mississippi district to succeed E. J. Bowers who retires at the expiration of the present term. The candidates are: Frank H. Lewis, of Scranton, B. P. Harrison, of Gulfport, and J. R. Tally, of Hattiesburg. Thursday there will be Congressional primaries in the fifth and seventh districts.

# THIRD OPERATION PREVENTED

**By Lydia E. Pinkham's Vegetable Compound**

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVENA SPEELING, 1468 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

### LEAGUE MOGULS IN SESSION

(Continued From Page One.)

ing or within the last nine days scheduled should be eligible to take part in the post series. Eligibility of one or two players to participate was then taken up and the matter threshed out as to whether or not they were eligible.

The question of protests was then taken up, the first one being that of Wilmington for the game in Wilmington on July 28th with Fayetteville, have more than nine men on the field which was protested on account of the fact that Fayetteville did not in uniform. Captain Napier explained that the men got left on the morning train and that it was not necessary for more than nine men to be on the field as no one was put out. Wilmington based its contention on the ruling in the matter. A vote was taken of those directors not interested and the protest was thrown out. The next game taken up was that of the protest from Wilmington with reference to the second game of a doubleheader in Fayetteville on August 10th, which was declared forfeited to Fayetteville on account of Wilmington's failure to take the field for a second game of the doubleheader at 6:05 in the afternoon. The contention of the Wilmington club was sustained and the game was thrown out. This removes one of the games now carried in Wilmington's lost column and takes one off Fayetteville's won column.

Protest of Wilson club with reference to the game in Raleigh on August 6th, when Umpire Freeman forfeited the game to Raleigh because Wilson failed to play after having been given three minutes to return to the field, was discussed, the trouble having started because of the technical point as to whether or not a run was scored. The umpire stated that he had given the Wilson team three minutes to return to the field and that he had timed them for three minutes, before declaring the game forfeited. The umpire's decision was sustained. Wilson's protest was overruled upon a vote of the disinterested directors.

A telephone message was then received for President Whitaker reporting the day's protest at Goldsboro. It was finally decided, owing to the fact that it would be necessary to call another meeting if all the evidence be secured, that the matter be left with President Whitaker and that if he found that the runner over ran third base and touched off, that game should be thrown out while if it was forced out as was reported by Umpire Freeman, who was in charge of this decision and as was substantiated by Umpire Henderson, who was a spectator in the stands, having gotten left there en route to Wilmington today.

The protest with reference to the game in Raleigh on July 31st, with Goldsboro, when it was claimed that a ball hit the umpire in foul grounds, the same was withdrawn in a long distance 'phone message from Mr. Dewey. That game will be counted. The question of umpires for the remainder of the season and the post season as resignations effective this week are now in, was then taken up and it was decided to secure the services of two men from the South Atlantic League if the same might be landed. A vote of thanks was tendered the president and secretary for their faithful and untiring services throughout the season.

We were told recently that the Republicans were counting on electing a congressman in the Seventh district. This district is represented by Robert N. Page. Mr. Page and John H. Small are the most valuable men North Carolina has in Congress and it sounds funny for the Republicans to talk of winning the Seventh with J. J. Parker as the nominee. Mr. Parker is a clean and brilliant youth, but he is too young for anybody to take him seriously except himself. He is painfully young—not so much in years as in experience.—Winston-Salem Journal.

Mr. Morehead and other Republicans may talk all they please about their desire to build up a strong and respectable party in this State, a party that will appeal to the best people, but as long as they cling to men like Butler the people will have some doubts about their sincerity along this line.—Winston-Salem Sentinel.

## *No Man is Stronger Than His Stomach*

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

***Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.***

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

### W. F. BARBEE SENTENCED.

**Keeper of Near Beer Saloon Convicted in Durham, N. C.**

Durham, N. C., Aug. 25.—In the recorder's court this morning W. F. Barbee, keeper of a near-beer saloon in East Durham, was convicted of keeping a house of ill-fame and sentenced to six months in jail. The case had received much notoriety and the morbidly curious were present in large numbers to hear the evidence, which at times was revolting in the extreme.

Thirteen witnesses for the State testified to the bad character of the house conducted by Barbee, but the evidence of two of them in particular, a near-beer dealer named Bullock, and Kirk Lashley, both of West Durham, was instrumental in convicting him. Attorney Victor. S. Bryant for the defense, introduced only two witnesses, one of whom was in the employ of Barbee. Both of them denied the majority of the charges brought against the defendant. The two Jacobs girls, inmates of the house, who were sentenced to thirty days in the workhouse on the charge of vagrancy last Tuesday, were both present, but neither was put on the stand.

Grenada, Miss., Aug. 22.—An unusual campaign for Congress in the Fourth Mississippi district is being made by State Senator Frank Harper. He is mating a journey through the district on the back of a mule.

### SWINDLING IS CHARGED.

**Son of Former Texas Governor Held for Swiss Authorities.**

Paris, Aug. 25.—Eswin King, aged 24, was arrested here today at the request of the Swiss authorities on a charge of swindling by passing forged checks. He claims to be a son of former Governor King, of Texas.

King denies his guilt. He said that he is an expert skater and has acted as instructor to the Queen of Italy and that he also has worked as an artist for an American newspaper.

# FRECKLES

**Now is the Time to Get Rid of These Ugly Spots.**

The woman with tender skin dreads August because it is sure to cover her face with ugly freckles. No matter how thick her veil, the August sun and winds will surely make her freckle.

Fortunately for her peace of mind, the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from J. Hicks Bunting Drug Co. and banish the freckles. Money back if it fails.

## QUIET DAY ON COTTON MARKET

**Cables Were Somewhat Better Than Expected Yesterday—Absence of Any Important Support—Await Break in Drouth.**

New York, Aug. 25.—There was a continuation of local selling in the cotton market during today's trading and prices eased off in the absence of any important support with the close barely steady at a net decline of 10 to 16 points.

The market opened steady at an advance of 2 to 3 points on somewhat better cables than expected but almost immediately turned easier as there was no important buying power around the ring and as local professional appeared bearish, partly because of the absence of bull support, partly because of the approaching new crop movement, and partly in expectation of a break in the Southwestern drouth.

Offerings were not heavy and after active months had sold about 6 to 8 points lower there was a slight rally on covering but there seemed to be very few buyers who cared to follow the market and later prices turned easier again when rumors were received that it was raining in Texas. Closing prices were at the lowest of the day. The weather map showed lower temperatures at Oklahoma and it looked as though a cold wave was working down from the Northwest in parts of which temperatures were very low, but it was evidently considered too early in the season to fear any such cold snap as might damage cotton, while the outlook appeared to favor some relief from recent excessive heat. Southern spot markets officially reported early were unchanged to 1-2c higher.

Receipts of cotton at the ports today 7,245 bales against 2,315 last week and 7,782 last year. For the week 50,000 against 40,796 last week and 36,388 last year. Today's receipts at New Orleans 71 bales against three last week and 75 last year. At Houston 10,033 bales against 4,583 last year.

Spot closed quiet 5 points lower; middling uplands 16.40; middling gulf 16.65; sales 13,983 bales. Futures opened steady and closed barely steady.

## THE DRY GOODS MARKET.

New York, Aug. 25.—There was a steady demand for cotton goods noted on the primary market during the day. Buyers paid the price asked by mill agents without quibble, but confined their purchases almost entirely to goods for prompt delivery. Jobbers did a good business in cotton goods but the size of individual orders continued rather small. Shirting sateens are moving freely. Low count goods have the call and converts are selling at close figures. The market on finished cotton goods held very firm.

## STOCKS BREAK AFTER GAINS

**Reports of Serious Crop Damage Affected the Market Yesterday—A Sharp Advance——Reasons for Reversal.**

New York, Aug. 25.—Stocks opened with smart gains in this market today, responding in full measure to the higher level for Americans in London, but before the end of the first hour the list suddenly turned, all the active issues selling off. The reversal was concurrent with reports telling of serious damage by frost to the corn crop in Nebraska and surrounding territory. Apart from this no specific reason was advanced to account for the break. Short interest which at the outset felt impelled to cover its contracts found that this could be easily done and with the first signs of weakening renewed its attacks for the decline.

In addition to the crop developments the day's news was a jumble for finance, politics and trade conditions. Politically the outlook had become more confused according to the Wall Street review point, by reason of the proposed new tariff revision and forecasts of the early elections in New England, which are believed to be generally unfavorable to the dominant party. Declination by the Illinois Coal Operators of the wage scale offered by the miners was the only discordant note sounded in the field of labor. The grain markets were firm. Foreign exchange showed no change from the previous day but the undertone was firm with a small supply of bills offered. Local banks report a further loss of cash to interior points, the gain by the sub-treasury since last Friday aggregating $1,316,000. The bond market was heavy in sympathy with stocks. Total sales par value aggregated $1,266,000. Total sales stocks for the day 484,300 shares.

## THE GRAIN MARKET

Chicago, August 25.—Covering by shorts, alarmed by strong outside market and an upturn in corn values caused wheat prices to advance today, the close being from 5-8 to 1c. higher. Corn went sharply up, induced by reports of frosts in the west and closed 1 1-4 to 1-2c. higher. Oats felt the bullishness of the other pits and advanced more mildly, finishing 3-8 to 5-4 up. Provisions values shifted ground and finished from 5 down to 20 higher, January pork making the heaviest gain.

## ALLISON BECOMES DESPERATE.

**Buncombe County Murderer Swears He Will Not be Electrocuted.**

(Special to Charlotte Observer.)

Asheville, Aug. 24.—James B. Allison, who is sentenced to be electrocuted September 24, at Raleigh for the killing of Lloyd McGee July 5th, will be taken from the Buncombe jail tomorrow morning and started on his way to Raleigh to await execution. He should arrive there tomorrow afternoon.

Assuming a totally indifferent manner during the trial and conviction Allison has grown desperate since he was re-committed to jail. He raves, swears and abuses people indiscriminately. It appears the law as to commitment to State prison is somewhat ambiguous, but the sheriff and solicitor concluded today that Allison should be taken to Raleigh immediately.

It is feared that he will cause trouble when an attempt is made to remove him and he will be accompanied by Sheriff Hunter and another deputy. It is believed that he has a small pocket knife concealed on his person and that trouble may be forthcoming. Allison boasts that he will not be the first Buncombe man to die in the chair; that he will kill himself rather than be electrocuted. Every precaution will be taken to prevent suicide

## TARNED AGAIN CHAMPION.

**Won the Challenge Match Over California Youth Yesterday.**

fourth consecutive time, and for the fourth consecutice time, and for the sixth time in his career as a tennis player, William A. Tarned, of Summit, N. J., today won the challenge match of the singles championship of the United States defeating Thomas C. Bundy, of Los Angeles, Cal., on the Casino courts 6-1, 5-7, 6-0, 6-8, 6-1.

The brilliant tennis displayed by the California youth threatened for a time the laurels of Larned, the 40 year old veteran, but the champion's reserve power enabled him to win the fifth and deciding set 6-1; when Bundy was apparently greatly exhausted by his earlier efforts.

Larned's superiority at every department of the game was well shown in the opening set, but Bundy's work was of the first class.

In the second set the challenger steadied down somewhat and by taking long chances on drives at the side and base lines just out of Larned's reach, won a hard fought 12 game set.

Bundy's errors gave Larned the third set, in straight games.

Splendid generalship at critical times aided by lobbying of a brilliant order, gave Bundy the fourth set 8-6, but the exertion had weakened him and he was so exhausted when the fifth set was begun that Larned won both sets and the match rather easily.

**Staggers Skeptics.**

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains, and corns. Try it. 25c at Robt. R. Bellamy.

## AWAITING CROP REPORTS.

**Cotton Market Has Sagging Tendency. It Depends on Texas.**

(Special Star Telegram.)

New York, Aug. 25.—Although the storm in the gulf has not brought rain in Texas, the market has had a sagging tendency. From the other sections of the cotton belt the prospects continue favorable so the attention of the trade is centered on Texas. The central portion of that State has suffered severely during the past 30 days which has reduced the prospects for a large yield. Should rain come with this change in temperature the trade would expect to see a moderate decline, but we hear no disposition to look for more than a moderate crop.

### GAYNOR MAKING PLANS.

**Anxious to Attend Fall Meeting of Board of Estimates.**

New York, Aug. 25.—Mayor Gaynor's recovery has advanced to the stage where he is beginning to make plans for picking up municipal business where he left it 16 days ago, when he was shot in the neck by James J. Gallagher. The first Fall meeting of the board of estimates comes on September 15th and Robert Adamson, the mayor's secretary, said today that the mayor is anxious to attend.

No date for the mayor's discharge from St. Mary's Hospital, Hoboken, has yet been fixed, but Sunday is now spoken of. It seems probable that from the hospital the mayor will go to his country place in St. James, Long Island.

The mayor was given tonight for the first time the full details of the attempt to kill. During his illness he was in complete ignorance of the facts, not so much because they were withheld as because he showed no interest in them. He knows now the name of his assailant, his motive and of the wound in the arm which Commissioner Edwards received and the narrow escape of Secretary Adamson.

### DR. WILSON KILLED BY FALL.

**Fatal Accident to Prominent Minister in New Hampshire.**

Mount Washington, N. H., Aug. 25.—Rev. Dr. William Vail Wilson Davis, prominent Congregational minister of Pittsfield, and father of William Stearns Davis, the author, was killed today by falling over a ledge at Bash Bish Falls, one mile from the New York State line. Rev. Dr. Davis was formerly stationed at Cleveland, O., and Worcester, Mass.

Accompanied by his daughter, Miss Fannie Searns Davis and his two sons, William and Harold, the clergyman was having an outing at Bash Bish Falls. While the other members of the family were a little distance away, Dr. Davis undertook to harness a pair of horses to his carriage. As he was swinging the carriage around, one of the wheels struck him and pushed him over the ledge. He fell 20 feet to the bottom, striking on his head and breaking his ntck.

Dr. Davis was born in western New York 57 years ago. His wife, who was a daughter of the late President Syearns, of Amherst college, died about two years ago.

### A HERO WAS DROWNED.

**Young Man Saves Two Girls, But Loses His Own Life.**

Washington, D. C., Aug. 25.—In the Potomac river at Colonial Beach yesterday morning, Courtney B. Taggart, a popular young man of this city, gave his own life that two of his girl friends might live. He won a magnificent fight, but, in the moment of his triumph, he vanished below the surface of the water, and his body has not been found.

The young women he saved are Lena and Cora Thomas, sisters of his fiancee, Miss Edna Thomas, and daughters of Mrs. Mary E. Thomas, 102 Eighth street, northwest. They were all members of a camping party. Taggart, who was 22 years old, was employed as a clerk by the American Security and Trust Company. He had considerable reputation as an athlete and a swimmer. He was the son of William S. Taggart, a retired merchant, living at 903 French street, northwest.

### NICARAGUAN STEAMERS.

**Government Refuses to Deliver Them to Peace Commission.**

San Juan Del Sur, Nica., Aug. 25.—Two commissioners arrived at Rivas this afternoon from Granada with an order from the peace commission that the Governor deliver to them three lake steamers. The Governor replied that he would deliver the vessels only upon receipt of an order from the President and that if attacked he would resist and also would send steamers to bombard Granada.

Bluefields, Nica., Aug. 25.—The Madriz government gunboat Venus is now at Port Limon, Costa Rica, with the intention of landing her troops, cannon and ammunition in Costa Rican territory and then leaving for some other country, where she will be sold.

Provisional President Estrada has made protest to the governments of the United States and Costa Rica against such an action and has demanded from Costa Rica the immediate surrender of the Venus.

Columbus, O., Aug. 25.—Thirty-three policemen who rebelled against the mayor's orders to ride street cars at the height of rioting incident to the car men's strike, today appealed to the Civil Service Commission from the sentence of dismissal. Because of this appeal city councilmen at a special meeting tonight failed to take the threatened action of withholding appropriations unless Mayor Marshall reinstate the policemen.

## SIXTH DISTRICT PRIMARY DETAIL

(Continued From Page One.)

the race and is confident of his nomination, there were no other developments in the Congressional situation yesterday in Wilmington. The announcement of Mr. Godwin came in a special telegram to the Evening Dispatch of this city, in response to an inquiry, and is as follows:

"Dunn, N. C., Aug. 25, 1910.

"Evening Dispatch, Wilmington, N. C.

"Your telegram of this date received. I will enter the primary and am confident of the nomination. I am satisfied with the action of the committee in submitting the matter to a ballot box primary, as I have contended all the while that, in the interest of party harmony, the people should have the right to settle this matter for themselves. H. L. GODWIN."

It was stated last night that Maj. A. J. McKinnon, of Maxton, would probably not make the race again. There is some talk of new candidates and in this connection Hon. Jos. A. Brown, of Columbus; Hon. John D. Bellamy, of New Hanover, and Col. N. A. McLean, of Lumberton, are spoken of, but it is doubtful if any of the gentlemen named would consent to make the race. The question of the expense and all other detail in connection with the new primaries will likely be worked out by the special committee in Raleigh at its meeting tomorrow afternoon. The outcome of the contest will be awaited with interest.

As previously announced, the Republicans of the Sixth District will hold their Congressional Convention in the court house in this city on Tuesday of next week at noon, and all told, it would seem that the campaign in the old "shoe-string" district has hardly begun.

## DEATH TOLL OF FOREST FIRES

**List of Victims Killed In the Northwest.—Dead Will Probably Reach Two Hundred.—Conditions Improved.**

Spokane, Wash., August 25.—Following is a revised tabulation of the dead in the Northwestern forest in the Northwest:

United States fire fighters in and near Idaho, 86; Montana deaths, including Bullion Mine, 13; at Newport, Wash., 3; at Wallace, Idaho, 4; near Avery, Idaho, probably settlers, 47; at Mullan, Idaho, 2; at Spokane, 1; on Big Creek, Idaho, 47. Total, 203.

This gives a total of 203 dead, but it is probable that some of those listed by places may duplicate those listed as fire-fighters. But as many are still missing the total dead probably will total more than 200 when the record is completed.

The fires are not so violent tonight and it is believed that the worst is over.

Sixty-five men arrived in Spokane today from Big Creek, and said that fifteen Austrian and two American choppers were burned to death last Saturday.

Thirty Italians had already been reported dead near that point. The Austrians were undertaking to back fire, but their work was so unsuccessful that they were killed by the fire they themselves had just lighted. It flew back on them and drove them against a line of flame advancing from the opposite direction.

Warden Simons has telegraphed to the navy and war departments asking that the forts and war ships on Puget sound will fire all their big guns at 8 o'clock tomorrow morning in the hope that the detonation will start a general rainfall over western Washington.

### EFFORTS TO FREE MORSE.

**President Taft Receives Letters Asking for Pardon—Walsh Also.**

Washington, Aug. 25.—Letters sent to President Taft from all parts of the country urging a pardon for Charles W. Morse, New York banker now in the Atlanta penitentiary, have been received at the Department of Justice. Many of the writers are women and no less than eight of them asked for the privilege of carrying the pardon to Morse if it is granted. There is no petition for a pardon before the Department.

Since it has become known that attorney for John H. Walsh, the Chicago banker, now in the Leavenworth penitentiary intend to ask for his pardon some time next month, several protests have been received at the Department of Justice. Most of them have come from the vicinity of the wrecked bank of which Walsh was the head.

### NEGRO CONGRESS MEETS.

**Ablest Negro Educators Attending.—Approved by Governors.**

St. Louis, August 25.—The National Negro Educational Congress, said to be one of the largest and most representative gathering of educators of the African race ever convened began here today, Governor Hadley making the opening address.

Approval of the plans of the congress has been expressed by Governors of all the Southern States and strong delegations composed of the ablest of the negro educators have been appointed to come to St. Louis.

Prof. J. Silas Harriss, of Kansas City, presides over the meeting, which will extend over three days.

### EAGLES' TRIAL ENDED.

**No Decision Will Be Given Until Election of Officers.**

St. Louis, August 24.—The trial committee of the fraternal order of Eagles which investigated the charge that $12,000 of the funds of the order were diverted by four former officers of the Aerie today decided to make no report until after the election of officers. The election will come later in the week. The charge grew out of the alleged sale of pharaphernalia to the lacol aeries upon which the grand officers are said to have profited.

It begins to look as if Vice President Sherman will prove as inconvenient a "friend" to the President as one Ballinger has proved and is proving.—Greensboro Telegram.

## ROOSEVELT GOES OVER TWO STATES

(Continued From Page One.)

hands he was talking with visitors, dozens of whom rode for a time in his car. He said he was not talking politics and refused to say a word on the New York State situation. Even the news that delegates from Orleans county to the New York Republican State convention had been instructed to vote for him for temporary chairman of the convention, brought forth no comment. The colonel merely smiled. Colonel Roosevelt reached Elkhart late today when the clouds threatened rain and was met by an attentive assemblage of men and women. The colonel reminded his audience that the right kind of men and women in the ranks of American citizenship was the greatest need of the country.

"The stream does not rise higher than its source," he said: "You cannot get the right kind of government unless you have the right kind of citizens back of the government."

He warned the people against the election of corrupt men to office because they expected to profit by the brilliancy of such men.

"In the first place, you want an honest man," he said, "I don't care how able the man is. If he is not honest, the greater curse he will prove to the country. Don't support a man because he is smart, because his smartness is ot no use without conscience. And I don't even care how honest he is, how game he is, if he has no common sense he is no use."

Colonel Roosevelt passed through South Bend at 6.07 o'clock tonight. Owing to the fact that his private car had been transferred to a mail rain that arrived 20 minutes after the train on which he was scheduled to arrive, there were but few people at the station when his train pulled out.

**Spoke at Toledo.**

Toledo, O., Aug. 25.—Transferring of mails delayed the fast mail train of the Lake Shore here 30 minutes today and gave Col. Roosevelt more time than had been anticipated to address the great crowd which had assembled at the union station to see and hear him. He referred to conditions relative to the street car strike at Columbus, Ohio. He said:

"We do not allow individuals to fight out their own differences, the government settles these differences for them. Neither can we allow big corporations to fight out their differences with employes if disorder results. We cannot allow mob rule."

The crowd cheered. A workman at the rear of the train called out above the tumult: "Teddy, how about 1912?"

Col. Roosevelt smiled but made no reply. "I want to talk of questions that are live," he said.

**His Political Creed.**

Cleveland, O., Aug. 25.—Col. Theodore Roosevelt outlined his political creed in three speeches which he crowded into a space of 15 minutes here today.

"There are two prime articles in my faith," he said. "I stand for justice for the rich man, and the poor man alike and for the punishment of wrong wherever or by whomsoever done."

Col. Roosevelt arrived here at 10:45, it being the third stop in his cross-Ohio journey, he having already addressed crowds at Ashtabula and Connaut.

Five thousand people were gathered in and about the union station when the train bearing the ex-President came in.

### SIBLEY WILL NOT APPEAR.

**Former Congressman, Charged With Buying Votes, Has Weak Heart.**

Franklin, Pa., Aug. 25.—Former Congressman Joseph C. Sibley, who together with three Warren men, is charged in a warrant with "conspiracy to debauch and corrupt voters by the use of money" will not appear personally at the hearing of the case in Warren tomorrow, on account of a weak heart. A certificate to the effect that Mr. Sibley is too ill to appear, signed by Dr. H. P. Hammond, was carried to Warren tonight by Frank H. Taylor, his private secretary, and J. S. Carmichael, his attorney.

Attorney Carmichael will attack the validity of the information against Mr. Sibley with a contention that the date of the recent primary election in which Mr. Sibley received a nomination for Congress, and from which candidacy he subsequently withdrew, was incorrectly named. An indefinite delay of the hearing will also be asked in behalf of Mr. Sibley.

Washington, Aug. 25.—Senor Don Francisco de La Barra, Mexican ambassador to the Unied States, left today for Mexico City. He will spend the remainder of the Summer in Mexico and during his absence the embassy will be in charge of first Secretary Ricoy, as charge d'affaires.

Buenos Ayres, Aug. 25.—General Jose M. Galvez, minister of the interior in the Argentine cabinet, is dead.
